TREASURY LOANS

Scarce 1795 \$1,000 Treasury Bond

20001

\$1,000 Treasury of the United States Register's Office July 28, 1795 (1796) 5 1/2%. PMG Choice Very Fine 35. This bond originates from an act passed by the inaugural United States Congress, which aimed to bolster public credit and address the redemption of national debt. Joseph Nourse, who served as General Charles Lee's military secretary during the Revolutionary War, affixed his signature to the document. In 1781, Nourse took on the role of the first Register of the Treasury, a position he held for an impressive 48 years until President Andrew Jackson relieved him of his duties in 1829. An intriguing aspect of this bond is the notary public seal of Robert Henry Dunkin for the Commonwealth of Pennsylvania, positioned at the bottom left. The bond measures appropriately 7.25 by 13 inches. It was issued to "Arthur Cramond & Co. of London, a merchant firm operating in England that filed for bankruptcy in 1797, two years after the certificate was issued. We know of only two others, and this is the first example we have handled. PMG comments "Pinholes, Splits".

\$15,000-\$25,000

20004

DE-82. Delaware. May 1, 1777. 4 Pence. PCGS Banknote Superb Gem Uncirculated 67 PPQ. No. 50744. Signed by Richard Lockwood. He was a well-known merchant in Middletown and he served admirably during our nation's struggle for independence. Printed by James Adams, 1777. The small change Pence notes of Delaware's Act of May 1, 1777 were slightly smaller than the larger denomination Shilling notes. However, both exhibit large, oversized borders and generally good print quality leading to several survivors at the superb gem level. With a relatively small print run of only 5,455, these are scarcer than the notes from the previous 1776 issue. Notes from the 1777 Delaware issue have long been coveted as an excellent type note for a Thirteen Colony set. We last sold this same note for over \$2,000.

\$1,750-\$2,250

Raised "Pine Tree Shilling" Sword in Hand

20005

MA-166. Massachusetts. August 18, 1775. 10 Shillings. PCGS Banknote Very Good 8 Details. Sewn Together, Minor Edge Damage. No. 4287. Signed by Sayer and ?(faint). Lower left, Pine emblem. A quintessential Massachusetts currency motif used on the 1 Shilling notes. However, the face text inserted TEN over ONE, but without the plural SHILLING adding an S nor on the back, TEN engraved, but without plural. Note denomination raising was a notorious and could be a tricky practice. Interestingly, in earlier colonial time, raising notes was not met with the harsher punishments that plate printed counterfeiting was. PCGS Banknote Comments: "Sewn Together, Minor Edge Damage."

\$1,000-\$1,500

From the Muddy River Collection.

Exceedingly Rare Aug.10, 1739 B. Franklin Imprint Pennsylvania Note Finest of Known

20006

PA-45. Pennsylvania. August 10, 1739. 20 Shillings. PMG Choice Very Fine 35. This note came from our 2011 ANA auction where we described it as "No.20406. Plate B. Signed by Thomas Leech, Samuel Smith, Monington, Harvey and Chapman. Printed face and back by Benjamin Franklin, his sole imprint B. Franklin on the back. Face with Penn Arms, obligation text within border frame with side column devices. The back with Nature Print leaf design by Franklin, counterfeit warning above, borders and ornaments around perimeter. An extremely important, if not the most important, B. Franklin imprinted currency note type. The first Pennsylvania series with Franklin's named imprint and Nature Print design, done by his own hand, although he printed notes for the Province earlier (without imprint). The Nature Print security device created by Franklin for this series was carried forward on the next several issues of notes and was in use on money well into the 1780s. As such, it is one of the most famous styles in all of Colonial paper money. The Nature Print was also used on New Jersey notes (the first Franklin series of March 25, 1737 from New Jersey is its earliest appearance) and the resolutions of Continental Currency. The note itself is in extraordinary condition and of the utmost rarity. We have seen only two examples from this enactment over two decades and have catalogued both of them. This is the Boyd Collection note and plated in all five editions of his opus. The solitary horizontal folding has no paper breaks whatsoever; there is some other minor handling seen under magnification. The penned signatures are all strongly accomplished for the ink types used. There are some subtle hints of faint foxing at the upper left and bottom edge of the back. The note is splendidly full with a wavy indent cut at the top edge. The clarity of printing is in the tradition of Franklin's meticulous standards of excellence as the face and back inks are evenly distributed. The Nature Print back is exceptionally sharp, exhibiting fabulous definition of an early plate state. This is the finest early Nature Print note made from plates both created and printed by Franklin's own hand. A currency note that exemplifies Franklin's creative genius in currency security printing that would continue for decades, one of the myriad contributions he made during the course of his long, illustrious life. Easily, among the giants of Colonial American currency types. Pedigree research conducted from June 2003 and throughout the Boyd-Ford Colonial project at Stack's yielded no auction offerings of any other notes from this 1739 Pennsylvania series. In fact, including Boyd, we have four 1690/91 Massachusetts Bay Bill of Credit auction records at hand over the past dozen years. This note series is clearly much, much rarer and passed as current money in wider circulation among the populace. The other example from this series known to us, also a 20 Shillings, was sold in the 2009 White Oak et al sale by Stack's in Baltimore. That note was laminated heavily in plastic on both sides and had once been bought on the bourse floor at a Strasburg show long ago." This is the finest of just a small handful known. It is far superior to the Newman note which was heavily repaired and graded PCGS Currency Apparent 12 and sold for \$12,000 in 2017. This problem free, attractive example will be a highlight in any colonial currency collection.

CONTINENTAL CURRENCY

Extraordinary 1775 Marbled Border Twenty Dollars Continental Note

Motifs Sketched and Paper Furnished by Benjamin Franklin
The Finest Known Example

Lot 20008

20008

CC-9. Continental Currency. May 10, 1775. \$20. PMG Choice About Uncirculated 58★ EPQ. This remarkable CC-9 example has been off the market since we last sold it in our 2011 August ANA auction. In that auction we described it as "No.1652. Signed by John Shee and Thomas Lawrence. Printed on sturdy, moderately thick paper, marbled color border edge at left face. Back with imprint of Hall and Sellers in Philadelphia 1775. Face: Within pattern border, emblem left and obligation right. Across the top CONTINENTAL CURRENCY. The medallion-like circular emblem shows human featured face blowing strong wind across the waves with motto VI CONCITATE (Driven by force). The back, printed coin turn, has a wider pattern border than the face. Different emblem than face left with Continental Currency top right, denomination right center, and imprint at the bottom right. Back emblem features ships on calm sea, with radiant sun shining above, encircled with motto CESSANTE VENTO CONQUIESCEMUS (When the storm dies down we will rest).

An absolutely riveting American paper currency note and one we believe is destined to attain legendary status. Within this exceptional collection of Benjamin Franklin related currency, there are many highlights. However, this Marbled Edge note type is the foundation from which to build an exceptionally elite American paper currency collection. Not only are the May 10, 1775 notes the first series of paper money authorized by the American Congress, they are forerunner of the Federal issued notes commencing in 1861 with Demand Notes. Appropriately, they are listed at the front of the Friedberg United States paper money standard text. Franklin's impact as a printing innovator with the Continental Congress series notes commenced with this uniquely styled type. Franklin furnished the marbled polychrome color paper used for the notes. This well crafted, unique paper type was an anti-counterfeiting device that Franklin would have greatly favored. This marbled paper also inspired Franklin to use a similar marbled paper for the United States loan certificates made near Paris to finance the American Revolution. Most importantly, he sketched the stirring face and back emblem designs and mottos used. Paired together, they were also used on the May 10, 1775 Session \$30 notes and three subsequent resolution's \$30 notes. This note is the finest 1775 Marbled Edge \$20 Continental extant by far. The paper quality is as made with only the tiniest corner bend visible. Tremendous natural embossing is seen on both sides in conjunction with razor sharp printing clarity. Fully margined face, though slightly skewed centering. The face to back registration is less than perfect from the back, a minor triviality in the big picture of the magnificence of this example. This museum piece exceeds the three notes sold in Ford VIII by leaps. As the census topper of such an illustrious early series of American notes, it seems fairly easy to make the case for this being a six-figure numismatic treasure. A tremendous opportunity to obtain the finest and most historic Continental Congress currency note, crafted in the greatest traditions of Franklin's innovative genius." Nothing has changed since its last appearance. It is still by far the most attractive, and finest example that exists. It is a truly remarkable example of one of the greatest Continental notes ever issued. It sold for \$69,000 in that auction, a figure that could easily be smashed after the hammer falls tonight.

20009

CC-20. Continental Currency. February 17, 1776. \$1/3. PMG Choice Uncirculated 64 EPQ. No. 511454, Plate B. Boldly signed by Sellers. 20010

CC-21. Continental Currency. February 17, 1776. \$1/2. PMG Gem Uncirculated 66 EPQ. No. 143253. Plate c. Printed by Hall & Sellers in Philadelphia, 1776. The design motifs of the fractional notes from the Resolution of February 17, 1776 are perhaps the most iconic in the Continental Currency series, employing Benjamin Franklin's sundial and 13 linked rings in a circle, later employed on the Continental Dollar of 1776 and the Fugio Cent of 1787. Both of these elements appear in all their detail and glory on this beautifully printed and margined Half Dollar denomination note. The finest PMG has graded. We sold the Mid-Continent example for \$15,600 this past August. PMG Pop 4/None Finer.

ALABAMA

20012

Uncut Sheet of (6). Clayton, Alabama. The County of Barbour. 1867 \$2 & \$3. Extremely Fine 40. A very rare piece especially so in sheet form as this is the first we have seen or heard of. Numerous individual notes have appeared at auction. The sheet consists of two \$3 notes at the top with two columns of \$2 notes below. These notes were issued shortly after the conclusion of the Civil War and they were receivable for all county taxes and redeemable (in four years) in US currency when presented in sums of \$20. Large green protectors are seen at center on each note. A neat piece for an advanced Alabama collection. PMG Comments "Splits, Stains."

St. Stephens, Alabama. Tombeckbe Bank. Haxby 80-G8. 1826 \$5. PCGS Currency Fine 12. Plate B. Murray Draper Fairman & Co. Rosene 306-2. A wonderful note that carries with it a storied history. In 1817, St. Stephens was the easternmost town in the Mississippi Territory. This bank became the first chartered on the state of Alabama when St. Stephens became the capital of Alabama while still a territory after Mississippi gained statehood. The bank failed after the capital of Alabama was moved to Cahawba in 1820. The town itself fell into disuse and quickly became a ghost town but is now a state historical site. A true Alabama rarity for the specialist.

Gorgeous Gem Fr. 272 \$5 Silver Certificate

20163

Fr. 272. 1899 \$5 Silver Certificate. PMG Gem Uncirculated 65 EPQ. A most pleasing example of one the most revered US paper money designs. The note features on its face the portrait of Running Antelope, a Sioux of the Oncpapa tribe, who is depicted in natural style. Gene Hessler in his Comprehensive Catalog of U.S. Paper Money observes that there is a mismatch: the headdress is a Pawnee war bonnet, not one of Sioux origin. This caused quite a bit of ill will among Native Americans who saw the bills and realized the error, faulting the Bureau of Engraving and Printing for creating an offensive depiction. This Indian Chief boasts beautiful margins, perfect color, and bold, original embossing easily seen through the holder.

20171

Fr. 281. 1899 \$5 Silver Certificate. PCGS Banknote Superb Gem Uncirculated 67 PPQ. This 1899 Five Dollar Chief note showcases a design that consistently impresses in high-end Gem grades, and this particular note is no exception. It possesses large margins, appealing centering, dark blue overprints, and bold ink, all of which contribute to its overall appeal. What makes this note even more remarkable is its status as the finest known for the Friedberg number at PCGS Banknote.

On the face of the note, you will find the depiction of Chief Running Antelope, a member of the Hunkpapa tribe of Lakota Indians. Sadly, Chief Running Antelope passed away in 1896, just three years before the first Chief note was issued for the series. As a result, he never had the opportunity to see his likeness on United States paper money.

Desirable “Black Back” \$100 Silver Certificate

20178

Fr. 341. 1880 \$100 Silver Certificate. PMG Very Fine 30. This attractive note features the portrait of James Monroe at left with a large brown spiked Treasury Seal at center. Blue printed serial numbers are found in panels at lower left and top right. The engraved signatures of Treasury officials Rosecrans and Huston are stacked to the lower right of center. The striking back design with **SILVER CERTIFICATE** in bold letters is printed in black. Just 100,000 examples of this rare Silver Certificate of Deposit variety were printed and today only around 30 examples are known to survive.

Bright paper and bold inks are portrayed on this moderately circulated Rosecrans-Huston signed note. Bold overprint inks are observed in the serial numbers and large spiked Treasury Seal. The intricate black printed back is sharply detailed and darkly inked. This is a remarkable note, which shows with amazing eye appeal. PMG Comments “Minor Repairs” which appear well executed as they are not visible through the holder.

Unlike the later Silver Certificates, the Silver Certificates of Deposit did not see wide general circulation. Instead, most were used in bank transfers, mining company transactions, and the like. The survival of a high denomination such as this is truly remarkable.

Fr. 757. 1918 \$2 Federal Reserve Bank Note. Cleveland. PMG Gem Uncirculated 66 EPQ. **Fancy Serial Number.** This lovely \$2 Battleship was last offered by us way back in 2013. We were impressed with its many attributes then and we still are now. The solid serial number D555A and its lofty state of preservation are a couple selling points. The depiction on the back of the USS New York battleship has always made this a popular design in its own right. The engraving of the ship was not without controversy as the anchors were actually on the starboard side of the ship and not port side as depicted. The margins and centering of this note are near perfection with strong embossing remaining. Certain to highlight the next collection it enters.

Fr. 1215. 1922 \$100 Gold Certificate. PMG Choice About Uncirculated 58 EPQ. This fantastic note is ever so close to an Uncirculated state and shows great technical quality throughout. Perfectly original paper is easily identified and the inks throughout are vibrant. The back design is of particular beauty with a brilliant orange hue showing a floral bordering pattern with "C" counter at left and central vignette of a spread eagle. One of just five to be awarded this grade at PMG and likely one of the better ones.

It is a bit comical that he was depicted on paper money due to his staunch disapproval of soft (paper) money in favor of gold coin and bullion.

Scarce 1882 \$1000 Gold Certificate

20236

Fr. 1218f. 1882 \$1000 Gold Certificate. PMG Very Fine 25. Offered here is an important piece of financial history. Missing from most advanced collections of US Paper Money, it is just one of eleven documented survivors for the Friedberg number with one of those eleven housed in the collection of the Federal Reserve Bank of San Francisco. A portrait of Alexander Hamilton is seen at right. At center is a small red Treasury Seal with GOLD overprinted in gold letters. A large 1000 counter is found at left. Bold blue serial numbers are seen within gold panels at lower left and upper right. The engraved signatures of Lyons and Roberts are along the bottom frame line. A bald eagle with shield is at center while a large Roman numeral M counter is seen at left. It is nicely margined on all four sides and the orange back remains bold and solid despite the circulation observed. PMG comments "Stains Lightened."

\$150,000-\$250,000

20237

Fr. 1225h. 1900 \$10,000 Gold Certificate. PMG Choice Uncirculated 63. These notes survive due to a fire at the Washington D.C. post office where they were being stored on December 13, 1935. In an effort to rid the fire of fuel to burn, papers were tossed from windows with these \$10,000 Gold Certificates raining down with them. The presently offered example, which displays the Teehee-Burke signature combination, comes fully framed and well printed. Some minor stains and foxing are seen and the note is punch cancelled at the left end as so many of this type are. PMG Comments "Cancelled, Minor Stains."

\$5,000-\$7,000

20238

Fr. 1225h. 1900 \$10,000 Gold Certificate. PMG Choice Uncirculated 63. Here is a choice uncirculated and well-centered example of this non-redeemable ultra-high denomination gold certificate. This design is typically found with punch out or roulette cancels, but in this case, it is perforation cancelled at right on reverse - "Payable Only to the Treasurer of the U.S. or a Federal Reserve Bank." The front indicates a "Washington Issue" variety, dated Nov. 22, 1916. We note as well that the word "Assistant" has been blacked out at center, with the word "Deputy" added in front of the Assistant Treasurer signature (F. J. F. Thiel) at bottom. As is widely known, many of these notes were rescued from the Old Post Office in Washington D.C. when it caught fire in mid-December 1935, and as a result, many of these notes display moisture spots. While a number of these fascinating notes survived, they remain a most impressive showpiece and enjoy tremendous popularity with the collecting community. PMG comments "Cancelled."

Prior to this PMG had graded several examples 67 EPQ. If the best is what you seek in Fractional than your search ends here. Fr. 1890-J★. 1929 \$100 Federal Reserve Bank Star Note. Kansas City. PCGS Banknote Gem Uncirculated 65 PPQ. Back in 2015, the lone finest \$100 FRBN star from the Chicago district realized \$58,750 with us to put rarity for the issue and denomination into perspective. With just 12,000 printed in total the survival rate in top grade is quite slim. The margins and centering of this piece seem spot on to carry the grade. Scarce 1928 \$500 Boston PCGS 63 Details

20267

Fr. 2200-A. 1928 \$500 Federal Reserve Note. Boston. PCGS Banknote Choice Uncirculated 63 Details. Small Edge Tear. The 1928 Boston district has always been hailed as one of the rarest districts for the series. This example is the finest we have ever offered. Notes from this district are offered seldom in any grade, sometimes less than one a year will show up in public auctions. Fortunately, we also have an About Uncirculated example in tonight's sale. The front of the note faces up Gem, as it has boardwalk margins all around. There is a small edge tear on the bottom right, which is easier to locate on the back. While this note has a qualifier, it is very attractive and will always be considered one of the finest known for this scarce district.

20273

Fr. 2201-H. 1934 LGS \$500 Federal Reserve Note. St. Louis. PCGS Banknote Gem Uncirculated 66 PPQ. High denomination notes do not appear with regularity at these grade levels and this Light Green Seal note from the St. Louis district is no exception. It is a gorgeous piece with strong embossing, vivid color, and spot on centering. Way back in 2013 according to Track & Price a PCGS Currency 66PPQ sold for \$11,162.50. This piece should finish well above that figure given the market and popularity of these notes well over ten years later.

20280

Fr. 2202-I. 1934A \$500 Federal Reserve Note. Minneapolis. PMG Gem Uncirculated 66 EPQ. PMG has yet to grade a note higher than this grade level for the Friedberg variety at the time of cataloging. Broad margins and unquestionably original paper add to the desirability of this high end \$500. One of the scarcest district as PMG has only graded 197 examples in all grades combined, with just two achieving a 66EPQ with none finer. PMG Pop 2/None Finer.

Gem Light Green Seal Chicago \$1000

20283

Fr. 2211-Glgs. 1934 Light Green Seal \$1000 Federal Reserve Note. Chicago. PMG Choice Uncirculated 65 EPQ. Gem Light Green Seal \$1,000 are the exception and not the rule for the 1934 series and this Chicago district example is sure to please. A quick look at the PMG census confirms there are just two examples graded at this level and one higher. In fact, there are less than 30 Gem Light Green Seal PMG graded notes available to collectors for all twelve districts combined. The eye appeal of this beauty is second to none and the margins and centering spectacular. In April 2022, we saw the other 65 EPQ realize \$36,000. PMG Pop 2/1 finer.

Light Green Seal \$1,000 Federal Reserve Notes from the Kansas City district can be considered anything but common. This gorgeous note is no exception, the colors are bold and the eye appeal intense. We sold a PCGS Banknote 64 in our Spring 2022 auction for \$16,800 and a PMG 65EPQ for \$38,400 in our August 2023 auction. We expect this note to bring somewhere in-between.

Fr. 2212-Cm. 1934A \$1000 Federal Reserve Mule Note. Philadelphia. PCGS Banknote Very Fine 25. Repeater Serial Number. Fancy serial number notes are not common on high denomination notes mainly because the print runs did not extend far enough to make them. This Repeater serial number of C00050005A should achieve a strong realization. The margins appear solid although there is some ink disturbance. PCGS Banknote Comments "Surface Damage."

1934 \$5000 Federal Reserve Note - Chicago

20293

Fr. 2221-G. 1934 \$5000 Federal Reserve Note. Chicago. PMG Choice Extremely Fine 45. A nice offering of this majestic \$5000 denomination on the Chicago Federal Reserve District, one with just a touch of circulation. Ultra high denomination notes at these Extremely Fine levels are always well regarded among collectors as they offer great appeal. This serial number G00000351A note offers the initial appeal of an About Uncirculated note with what appears to be few broad corner folds accounting for the grade. Broad borders frame the iconic layout nicely. PMG Comments "Minor Repairs" which are two margin tear repairs located at the top and right margin. Neither repair appear to enter the design.

Remarkable Gem New 65PPQ \$10 Gold Star

Fr. 2400★. 1928 \$10 Gold Certificate Star Note. PCGS Banknote Gem Uncirculated 65 PPQ. The finest of the eight replacement 1928 \$10 Gold Certificates graded by PCGS, this 65 PPQ is likely in the top three or four known, with PMG having graded only one 65 EPQ and one 66 EPQ. Possession of these notes was revoked in late December 1933 by Acting Secretary of the Treasury Henry C. Morgenthau, Jr. and banks were ordered to return all holdings to the Treasury. The restriction on holding these notes was finally lifted in April, 1964 by Secretary Douglas Dillon after over thirty years. Nicely-centered within four generous margins, the vibrant gold overprint and fine print quality lend outstanding eye-appeal to this rarity. Top quality small-size notes have enjoyed increasing popularity in recent years and we expect spirited bidding for this gem. PCGS Banknote Population 1/None Finer.

OBSTRUCTION ERRORS

Dramatic Retained Obstruction

20305

Fr. 2074-F. 1981A \$20 Federal Reserve Note. Atlanta. PMG About Uncirculated 55. Obstructed Printing Error. Retained Obstruction Errors such as this are one of the most popular Small Size error types. A paper fragment which at first glance does not appear to be currency paper fell atop the sheet prior to the First Printing and remained there likely adhered from the pressure applied by the printing plates. It more than likely dislodged when the note was paid out and folded in half as the retained fragment exhibits a fold as well. Just a great error with an even better look to it. Worthy of inclusion in the finest collection of US currency errors.

Originating from Weedsport, a town nestled in Cayuga County, New York, this note carries with it a slice of history. Long before European settlers made their mark, the region was home to indigenous tribes. The village of Weedsport, established in 1831, boasts a deep-seated history intertwined with the 19th-century Erie Canal, a significant catalyst for its development. Remarkably, between 1917 and 1935, Weedsport hosted just a single national bank. It issued a limited sum of \$25,000, with a mere \$660 remaining when it closed its doors in 1935. Today, only 11 notes from this bank are known to exist, including this newly discovered \$5 note and its counterpart, a serial number 1 1902 \$10 which is in the very next lot. Undoubtedly, these notes stand as some of the most esteemed highlights of the sale.

Carmen, Oklahoma. \$10 1902 Red Seal. Fr. 613. The First NB. Charter #6719. PMG About Uncirculated 50. Serial Number 1. This note is an exceptional piece and is sure to be a highlight in any collection it graces. The bank began its operations in April 1903 and issued a mere \$14,300 in \$10 and \$20 Red Seals only. Just two years later, in February 1905, the bank ceased its operations. By 1910, a mere \$650 from the bank remained outstanding. The fact that only this note is known to exist today speaks to its rarity and incredible preservation. It's a wonder that it survived, and the chances of another example emerging are highly unlikely. The note is in outstanding condition, showing no signs of circulation. It only has a few minor corner folds and ever so slight toning to the paper. The signatures remain sharp, and the red ink stands out boldly. Its visual appeal is undeniably striking. Territorial notes like these are cherished treasures and seldom change hands. Now presents a unique opportunity to become a proud possessor of such a rarity.

\$40,000-\$60,000

PENNSYLVANIA

20341

Erie, Pennsylvania. \$10 1902 Plain Back. Fr. 624. The First NB. Charter #12. PMG Choice Uncirculated 63. A quick check of Track & Price data confirms our suspicion that this is one of the nicest Large Size notes available for the issuer. The inks are bold and the stamped officer's signatures really pop.

\$1,000-\$1,500

20343

Philadelphia, Pennsylvania. \$10 1902 Red Seal. Fr. 613. The First NB. Charter #1. PMG Very Good 10. A well circulated survivor from the first charter issued for Nationals. Despite the wear, the note is complete and resides in a comment-free holder.

\$1,000-\$1,500

20342

Mercer, Pennsylvania. \$100 1882 Brown Back. Fr. 519. The First NB. Charter #392. PMG Choice Fine 15 Net. **Repaired, Signatures Redrawn.** This is the sole \$100 Brown Back listed from this bank. The note has been graded as PMG Choice Fine 15 Net. PMG comments "Repaired, Signatures Redrawn." Despite these issues, this note faces up very well and will make a welcomed addition to any Pennsylvania national bank note collection.

\$3,000-\$5,000

20344

Pittsburgh, Pennsylvania. \$20 1882 Date Back. Fr. 552. The Duquesne NB. Charter #2278. PMG Uncirculated 62★ EPQ. This Pittsburgh \$20 Date Back is screaming with originality. The embossing is deep and the overprint is extremely bold which contrasts nicely with the black inks and bright white paper.

\$1,500-\$2,500

TEXAS

20346

Shiner, Texas. \$5 1882 Brown Back. Fr. 477. The First NB. Charter #5628. PMG Gem Uncirculated 65 EPQ. The First National Bank of Shiner, Texas was chartered in November of 1900 and was the only bank to issue notes from this small Lavaca County town. It issued 1882 Brown Backs and Date Backs, 1902 Plain Backs, and Type 1 and 2 1929 Nationals, issuing notes all the way to the end of the National Currency era. This boldly printed and well margined \$5 Brown Back comes from a run of high grade examples from this bank which escaped circulation and provide collectors an excellent Texas National Currency type note with a great name. Any Texan worth his boots will remind you that Shiner is home to Shiner Bock beer, the unofficial state beer of Texas.

\$5,000-\$7,000

20345

Uncut Sheet of (6) Sharon, Pennsylvania. \$20 1929 Ty. 2. Fr. 1802-2. First NB. Charter #13803. PMG Choice Uncirculated 63 EPQ. A lovely sheet on a bank which no sheets were known to have survived until the arrival of this one. Fortunately for collectors of first name towns it is quite lovely. Exhibiting just the typical folds between the notes with strong embossing and great color present.

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

1. Auction Basics. This is a public auction sale (“Auction Sale”) conducted by bonded auctioneers, Stack’s Bowers Galleries or Stack’s Bowers and Ponterio (hereinafter referred to as “Auctioneer” and at times as “Stack’s Bowers”). Bidding in this Auction Sale constitutes acceptance by you (“Bidder”) of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack’s Bowers (“Consignor” or “Consignors”). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer’s Premium charged to all other Buyers. Stack’s Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack’s Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor’s direction, or pursuant to contractual agreement, Stack’s Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack’s Bowers and its affiliates may bid for their own account at any auction. Stack’s Bowers and its affiliates may have information about any lot that is not known publicly, and Stack’s Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack’s Bowers and its affiliates are not required to pay a Buyer’s Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve (“Reserve”). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack’s Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins, currency and cryptocurrency tokens in this Auction has been determined by independent grading services, and those that are not may be graded by Stack’s Bowers. Grading of rare coins, currency and crypto tokens is subjective and, even though grading has a material effect on the value of the coins, currency and cryptocurrency tokens, grading may differ among independent grading services and among numismatists. Stack’s Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack’s Bowers and lot descriptions are based solely upon an examination of the coins, currency and cryptocurrency tokens and are intended to identify coins, currency and cryptocurrency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack’s Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest half or full increment and this rounded bid will be the bidder’s high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer’s decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder’s protection, no “unlimited” or “buy” bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without

a parent’s written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent (“Floor Bidders”) should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale (“Telephone Bidders” and “Live Internet Bidders”). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack’s Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK’S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack’s Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer’s Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the “Buyer’s Premium”). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer’s Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer’s hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the “Default Date”), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars or Hong Kong Dollars. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars, Buyer’s invoices will be credited with the amount of U.S. Dollars at the rate established by the Auctioneer at the time of the Auction Sale. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier’s check. Cash transactions will be accepted in the sole discretion of Stack’s Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack’s Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, Mastercard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack’s Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack’s Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney’s fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack’s Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance

of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have

all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Stack's Bowers, in its sole discretion, may not ship to select countries. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the country where the auction is hosted, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the country where the auction is hosted. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

a. COINS, CURRENCY AND CRYPTOCURRENCY TOKENS LISTED IN THIS CATALOG AS GRADED AND ENCAPSULATED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE ARE SOLD "AS-IS" EXCEPT AS EXPRESSLY SET FORTH HEREIN AND MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER. ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER. BUYERS SHOULD CONTACT THESE THIRD PARTY GRADING SERVICES DIRECTLY WITH RESPECT TO ANY CLAIMS OR QUESTIONS THEY MAY HAVE CONCERNING THEIR GUARANTEES AND WARRANTIES. BUYERS ACKNOWLEDGE AND AGREE THAT AUCTIONEER IS NOT BOUND BY OR LIABLE FOR ANY OPINION OR CERTIFICATION BY ANY THIRD PARTY GRADING SERVICE.

b. In the case of non-certified coins, currency and cryptocurrency tokens that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin, currency, or cryptocurrency token such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins, currency and cryptocurrency tokens that have been either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

c. All non-certified coins and currency are guaranteed to be genuine.

d. All certified and non-certified cryptocurrency tokens are guaranteed to be genuine only. Auctioneer disclaims any guaranty of any kind with respect to cryptocurrency tokens, including, but not limited to: face value, the contents or existence of any accounts, wallets, or other physical, digital or other receptacles of value, the existence of a cryptographic private key, or the ability to fund any cryptocurrency. Actual cryptocurrency value is neither confirmed nor guaranteed by Auctioneer.

If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

e. Late remittance or removal of any item from its original container or third party graded holder, or altering a coin constitutes just cause for revocation of all return privileges.

f. Grading or condition of rare coins, currency and cryptocurrency tokens may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic and cryptocurrency token market is speculative, unregulated and volatile, and that prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

COLONIAL NOTES

21001

CT-205. Connecticut. June 19, 1776. 6 Pence. PMG Choice Uncirculated 63. No. 35064. Signed by Jesse Root. Back imprint "New London Printed by P. Green 1776." Uncancelled and far more desirable as such.

\$600-\$1,200

21002

GA-65b. Georgia. 1776. 2 Shillings, 6 Pence. PMG Fine 12. Remainder. The third signature is lacking on this Remainder that is free of repairs and comments on the holder.

\$400-\$600

21003

GA-71c. Georgia. 1776. \$1. PMG Choice Fine 15 Net. No. 51. The orange seal remains quite colorful on this evenly circulated note bearing very strong pen signatures. PMG Comments "Tears".

\$300-\$500

21004

MD-53. Maryland. March 1, 1770. \$1/2. Very Good, split and pinned. No. 10026. Signed by Clapham and Couden. A lovely example of "pin money" where actual pins were used to extend the life of these thick colonial paper notes that were prone to breaking. Here the split note is pinned to what appears to be a portion of a page from a book.

\$200-\$400

21005

MD-67. Maryland. April 10, 1774. \$2. PMG Very Fine 30 EPQ. No. 5035. Light, even circulation is noticed on this note that exhibits original paper.

\$125-\$175

21006

MD-69. Maryland. April 10, 1774. \$6 (27s). PMG About Uncirculated 53. No. 6359. Signed by Eddis and Clapham. Maryland Coat of Arms at left. Printed by A.C. and F. Green. Pair of nature prints on verso. A very well margined example that only circulated briefly.

\$300-\$600

21007

Uncut Sheet of (3) NC-136b, NC-138, & NC-139. North Carolina. December, 1771. 2 Shillings 6 Pence, 10 Shillings & 1 Pound. Uncirculated. A splendid sheet of three notes with the omnipresent small bundle hole in the top note. Simply a lovely example that should please any devotee of Colonial Currency.

\$400-\$800

21008

NY-155. New York. April 2, 1759. 2 Pounds. Very Good, split and old repair. No. 15061. Signed by Marston, Barclay and Reade. A low grade note but extremely rare, with the superb finest known Ford note followed by the Newman note and a PCGS Fine-15 Apparent note in our March 2013 Baltimore Sale. This one might be the next finest available.

\$200-\$400

21009

PA-176. Pennsylvania. April 10, 1775. 5 Pounds. PMG About Uncirculated 55 EPQ. No. 2990. Signed by Roberts, Bacon, and Coats. Fully framed with wide margins. Red and black printed text. The back shows the Walnut Street Workhouse, which was the city jail of Philadelphia. Plenty of originality is noticed although the margins are a touch tight.

\$300-\$500

21010

PA-185. Pennsylvania. October 25, 1775. 1 Shilling. Fine. A small worm hole is seen on this otherwise problem free note.

\$80-\$120

21011

RI-223. Rhode Island. January 15, 1776. 4 Shillings. Good, split and taped. Serial number not visible, signatures are very faint. A rare survivor of a note that had a print run of just 6,000 pieces.

\$200-\$400

21012

RI-290. Rhode Island. May, 1786. 6 Pence. Choice Uncirculated. A choice example with that "cut from the sheet" appearance. The margins are about as broad on all sides as one could hope for.

\$200-\$400

21013

SC-135. South Carolina. December 23, 1776. \$1. PMG Choice Very Fine 35. No. 4265. Four signatures. Imprint "Charles-Town. Printed by Peter Timothy 1777. The fourth signature is somewhat faint but definitely present. Fully Signed and far more desirable as such than the oft-seen Reminders.

\$300-\$600

21014

SC-152. South Carolina. April 10, 1778. 30 Shillings. PMG Choice Fine 15. No. 10085. Vignette of Hope and Anchor at lower right. This is the highest denomination of the series but which has the lowest printing. Auction results attest to the fact that this is easily the scarcest denomination from an otherwise common series. The 7s6d note is typically thought to be the second scarcest denomination and we have sold a number of those. There were two different sheets printed. The first sheet is the one that survived en masse, which is why we see so many high-grade notes from this issue. The second sheet had the following denominations: 7s6d, 15s, 20s, and 30s. We have only ever sold a single intact sheet of this type and that was part of the Ford collection. Listed in Newman at \$2,000 in VF grade with nothing better. PMG has commented "Edge damage, internal tear."

\$300-\$600

CONTINENTAL CURRENCY

21015

CC-21. Continental Currency. February 17, 1776. \$1/2. PMG Very Fine 30. No. 82059. Signed by Ben Jacobs. Bold Fugio sundial vignette at right with motto "Mind Your Business." The back shows thirteen interlocking chains with the name of each colony inside, showing unity as one. For many years, Ben Jacobs had been thought to be the second Jewish signer of Continental Currency but in recent years that theory has been debunked. His is still a sought after signature. In a comment-free holder and sure to please.

\$400-\$800

21016

CC-22. Continental Currency. February 17, 1776. \$2/3. PMG Choice Extremely Fine 45. Printed by Hall & Sellers in Philadelphia, 1776. The design motifs of the fractional notes from the Resolution of February 17, 1776 are perhaps the most iconic in the Continental Currency series, employing Benjamin Franklin's sundial and 13 linked rings in a circle, later employed on the Continental Dollar of 1776 and the Fugio Cent of 1787. Both of these elements appear in all their detail and glory on this beautifully printed and margined note. Recent auction results for Continental Currency show that demand has yet to wane and consequently prices continue to rise ever higher.

\$600-\$1,200

21017

CC-24. Continental Currency. February 17, 1776. \$2. PMG About Uncirculated 50. The vignette is grain being threshed by a flail. The Latin motto is TRIBULATIO DITAT, which Newman translates, "Affliction improves it." PMG notes Stained. A lightly circulated example of an always popular Continental Deuce.

\$400-\$800

21018

CC-32. Continental Currency. May 9, 1776. \$2. PMG About Uncirculated 50. Signed by Johnston and Shaw. Printed in Philadelphia by Hall and Sellers, 1776. Emblem depicting grain being threshed by a flail. "TRIBULATIO DITAT" above translates to "It is enriched by affliction." A desirable low denomination from this May 1776 resolution. Impressive eye appeal with bold, even printing and evidence of light circulation.

\$400-\$800

21019

CC-34. Continental Currency. May 9, 1776. \$4. PMG About Uncirculated 53. No. 15713. Signed by Webb and Leech. Printed by Hall and Sellers. Vignette of boar charging into spear with Latin phrase "Aut Mors Aut Vita Decora" (either death or an honorable life). Skeletonized maple fruit on back. Lightly circulated and problem free Continentals continue to experience an explosion of growth amongst the collecting community.

\$400-\$800

21020

CC-54. Continental Currency. November 2, 1776. \$30. PMG About Uncirculated 55 EPQ. No. 25221. A pleasing lightly circulated example signed by Calhoun and Levy. Both signatures are sharp.

\$500-\$700

21021

CC-79. Continental Currency. September 26, 1778. \$5. PMG Very Fine 30. No. 337722. Signatures of Roberts and Leacock. A boldly printed note.

\$150-\$250
