Stack's Bowers Galleries presents the

The Summer 2022 Global Showcase Currency Auction

Hello friends,

Welcome to the Stack's Bowers Galleries August 2022 Global Showcase Auction of U.S. Currency. This is our first showcase currency sale since March, and it promises to be an exciting event! If you are attending the ANA World's Fair of Money in Rosemont, Illinois, be sure to come to our lot viewing at the Loews Chicago O'Hare Hotel from August 15-19. And, be sure to stop by our table at the convention; our staff will be there in full force.

As you peruse the pages of this catalog you will find offerings from featured collections, including "The Boston Proper Collection." This cabinet took over 18 years to assemble and features large size Federal Reserve Notes and Federal Reserve Bank Notes from the Boston District. Notable from the collection are a Fr. 1132-A 1918 \$500 in PMG Very Fine 25 (one of just three known), and a Fr. 781★ 1918 \$5 FRBN graded PMG Very Fine 30 (one of just two known).

We will also be featuring "The Mismatched Serial Number Collection." This collection was built over decades and features the most extensive and comprehensive collection of mismatched serial numbers ever assembled. Some of the key notes being offered from this group are

an 1869 \$1 Legal Tender, an 1899 \$1 Silver Certificate, and the famous 1929 \$100 National Bank Note from Dayton, Ohio.

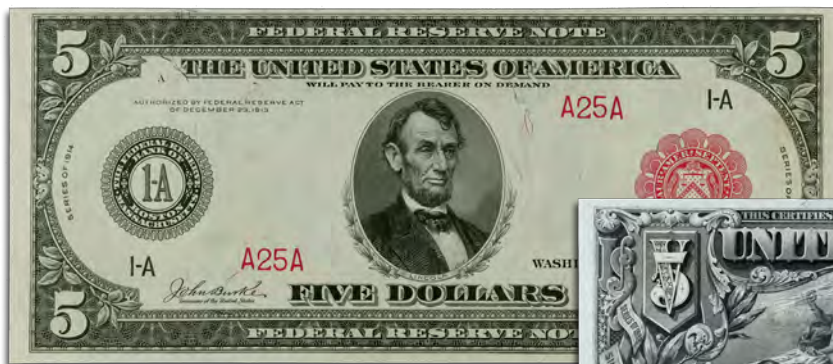

There are additional fascinating items in this catalog from High Denomination notes to large size type rarities. The standout highlight of the sale is a Fr. 172 1880 \$100 Legal Tender Note in PMG 65EPQ. Other important offerings include an 1886 \$10 Silver Certificate graded Gem 65PQ by PCGS Banknote, a 1928 \$500 Gold Certificate in PCGS Banknote 63, and a stunning 1928 \$500 from St. Louis in a PMG 66EPQ holder.

We hope you enjoy browsing the catalog and we look forward to our auction event in Costa Mesa!

Enjoy the paper!

COLONIAL NOTES

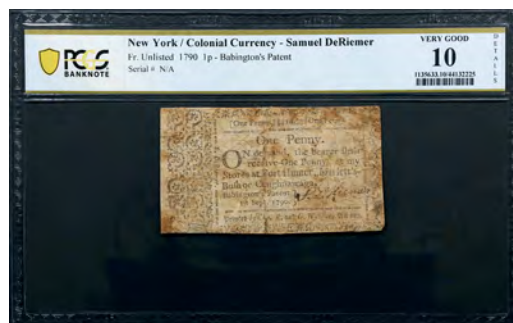

20001
MD-56. Maryland. March 1, 1770. \$2. PMG About Uncirculated 55. No.20019. Signed by Couden and Clapham. Engraved border cuts by Thomas Sparrow. Back imprint of Anne Catherine and W. Green. A superbly printed and detailed example from this much more condition-sensitive series. Not to be confused with the common 1774 issue. The PMG Population Report shows that across all denominations of this series there is not a single Uncirculated piece. One \$6 note graded 58 EPQ and then there are three others besides this evening's offering that warrant an AU 55 grade. Even the scarce 1767 series has a small serial number range of notes that are found in lovely Choice-Superb Gem CU grades. A superb example located in a comment-free holder. A rare occurrence to be sure.

\$1,250-\$1,750

20002
**Uncut Pair. Maryland. October 11, 1782. 100 Pounds. About Uncirculated. Nos. 255-256. 100£. Hole cancelled. Act of Nov. 4, 1782. Issued on Oct. 11, 1783 and boldly signed by Thomas Harwood. No imprint. Printed on laid paper. A rare uncut vertical pair which paid interest at 6% per annum. Anderson MD-11. Not found in the Boyd/Ford holdings. High Rarity-7. Small edge tear at left indent. The only other example we have sold was an Extremely Fine pair that realized just under \$1,000 in a Coin Galleries sale from a dozen years ago. In today's sophisticated market for rarities, there should be no qualms about paying that much and then some. **

\$1,250-\$1,750

20003
Fr. Unlisted. New York. 1790. 1 Penny. PCGS Banknote Very Good 10 Details. Backed, Splits, Stains. No. unknown. Sept. 1, 1790. Printed by C.R. & G. Webster of Albany, NY. Lavish border cuts seen on all sides with a wide left indent. Signed by Samuel DeRiemer. Samuel Babington DeRiemer was born in New York City in 1768. Above the state is stated "Babington's Patent." The obligation states "On demand, the bearer shall receive one penny at my stores at Fort-Hunter, Marlett's-Bush or Caughnawaga." PCGS Banknote cites "Backed; Splits, stains." An incredibly rare item with the only other one that your cataloger can find record of is plated in Newman.

\$1,500-\$2,000

20004
NC-149. North Carolina. August 21, 1775. \$4. PCGS Banknote Extremely Fine 40 Details. Repaired Edge Tears. No. 371. Signed by Samuel Johnston, Richard Cogdell, Richard Caswell, and Andrew Knox. Printed on laid paper. Seen with ornate left end border and various fonts with 'No. Carolina Currency' in Gothic type. There is a vignette at lower left of a Masonic altar, the all-seeing eye at top, emblems within sides of the pillars including the beehive and the Ark of the Covenant. Motto AERA OF MASONRY around the perimeter. Printed from engraved plates with no imprint. Seen merely with some "Repaired Edge Tears" as noted by PCGS Banknote. We sold this very note for \$4,887.50 in our Ford XV sale back in 2006. A splendid example of this rare Hillsborough series that will no doubt be actively pursued by colonial enthusiasts.

\$4,000-\$6,000

20005

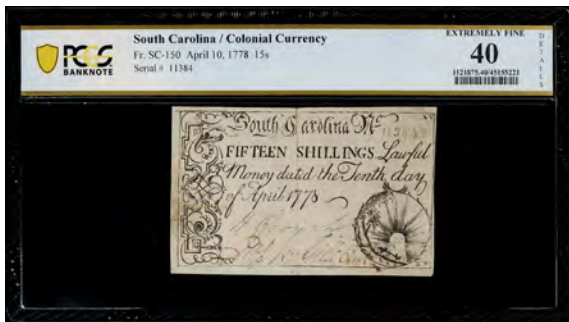

PA-146. Pennsylvania. March 20, 1771. 5 Shillings. PMG Very Fine 30. Francis Hopkinson Signature. No. 5878. Plate B. Signed by Francis Hopkinson, Robert Strettell Jones, and William Fisher. Imprint of David Hall and William Sellers, 1771. Boldly printed in red and black inks. PMG notes Splits. Francis Hopkinson was a signer of the Declaration of Independence, and his signature on currency tends to add roughly \$1,000 to its value. Much scarcer than the commonly seen John Hart and John Morton notes. This is the first five shilling example signed by Hopkinson that we have sold in some fifteen years.

\$1,250-\$1,750

20007

SC-151. South Carolina. April 10, 1778. 20 Shillings. PCGS Banknote Extremely Fine 40. No. 14680. Signed by John Beale and John Peronneau. Printed on laid paper. Horse vignette at lower right. Floral border design at left. The General Assembly authorized £100,000 in legal tender Lawful Money on March 28, 1778 with the approval to issue additional notes if needed. Denominations ranged between 2s6d and 30s. Enormously margined on all sides. While notes from this series are quite available, it is due to a high survival rate of sheets of the lower denominations. These second sheets with denominations 7s6d, 15s, 20s, and 30s did not survive in any form and therefore these notes are typically low grade and plagued by problems.

\$1,000-\$1,500

20006

SC-150. South Carolina. April 10, 1778. 15 Shillings. PCGS Banknote Extremely Fine 40 Details. Small Repairs. No. 11384. Signed by Crouch and Radcliffe. Impressive Sun vignette at lower right. Well margined and cited with "Small Repairs." There were eight denominations from this issue, printed on two different plates with each bearing four denominations. The first plate is the one with alignment 2s6d-3s9d-5s-10s and these are the high-grade pieces that we so often see. The second plate is actually really scarce with 7s6d-15s-20s-30s denominations. These are always found in circulated grades and most often with a host of problems. This is the first fifteen shilling note we have sold since 2015.

\$1,000-\$1,500

ALABAMA

20009

CC-19. Continental Currency. February 17, 1776. \$1/6. PCGS Currency Choice About New 58 PPQ. No. 176316, Plate C. Imprint of Hall and Sellers. Face and back motifs created by Franklin. Face emblem, at right, sundial with blazing sun shining, FUGIO in left circular border, MIND YOUR BUSINESS in the exergue. Difficult to secure in this grade level, and one of the finest we have ever offered.

\$3,000-\$5,000

20012

Tuskegee, Alabama. Tuskegee Insurance Co. 1862 \$1. PMG Very Fine 25. Remainder. Rosene UNL. Plate A. Remainder. Aug. 26, 1862. Appealing panels at both sides with a pair of "1" protectors and a central "ONE" protector found in bright red ink. The obligation states that it is payable "in Confederate Treasury notes..." PMG has been kind enough to acknowledge the obvious, with their comment "Selvage Included." Only 10-cent and 25-cent notes are listed in Rosene. This is the only example we have seen and, although we are reticent to proclaim it to be unique, it is incredibly rare in any event.

\$1,000-\$1,500

20010

CC-21. Continental Currency. February 17, 1776. \$1/2. PMG About Uncirculated 55. No. 417037, Plate A. Printed by Hall and Sellers. Sundial on face and interlocking chains on back.

\$1,000-\$1,500

From the Jones Collection.

20013

Hartford, Connecticut. Merchants & Manufacturers Bank. 1857 \$20. PMG Choice Uncirculated 63. Proof. (CT-190 G20) Plate B. Oct. 1, 1857 engraved date. Imprint Rawdon, Wright, Hatch & Edson, NY. Titled "Prosperity" vignette at center surrounded by arced title. Justice at lower left. A prancing elk at lower right. Green and black tinted Proof. The bank did not last long, forming in 1857 and being converted in 1864 to the First National Bank of, charter 121. The first proof we have sold on this bank. High denominations are just plain rare, with this being one of only two \$20 Proofs known. Superb grade and eye appeal should make this a very desirable piece.

\$1,000-\$1,500

20011

CC-22. Continental Currency. February 17, 1776. \$2/3. PCGS Currency About New 50 PPQ. Plate A. No. 374325. Imprint of Hall and Sellers. Face and back motifs created by Franklin. Face emblem, at left, sundial with blazing sun shining, MIND YOUR BUSINESS in the exergue.

\$1,500-\$2,500

From the Jones Collection.

IDAHO

20014

Idaho City, Idaho Territory. First National Bank of Idaho. 1860s \$100. PMG Choice Fine 15. Unissued Remainder. Printed on bond paper. B.M. Durell & Co. No imprint, but of the style of Ferd. Mayer & Co., 96 Fulton St. N.Y. At left, Columbia statue from the U.S. Capitol as used on the \$5 Demand Notes. Curved title at top "Idaho Territory/ First National Bank of Idaho/Boise City, I.T." Denomination "One Hundred Dollars" above the vignette "Great American Falls, Idaho." At right, "Payable in U.S. Currency." The back design shows a majestic eagle and scene, with title "Pacific to Atlantic." Flanked by "100" counters. PMG comments "Previously Mounted." A rare note that should prove extremely popular as an Idaho Territorial and a National Bank related item.

\$1,500-\$2,500

LOUISIANA

20015

New Orleans, Louisiana. City of New Orleans. 1868 \$3. PMG Extremely Fine 40. (Haxby-UNL) No. 46540. Plate C. Engraved Jan. 1, 1868 date. Imprint of the American Bank Note Co. N.Y. Central vignette of sailors and boys preparing to fish. At lower left, Benjamin Franklin with boy showing bust of Washington. Seated Plenty with cherub at lower right. Superbly signed. Outlined "3" protectors and denomination dies to both left and right of the main vignette. Excellent color with green and black inks. A rare post-war City of New Orleans issue. The only other example we sold was in 2013, a raw Very Fine that sold for \$1,292.50.

\$1,000-\$1,500

MASSACHUSETTS

20016

Lynn, Massachusetts. Nahant Bank. 1834 \$20. PCGS Currency Very Fine 30. (MA-790 G24) Plate A. Perkins Stereotype Steel Plate. Modified Perkins plate with Plenty at far left. Massachusetts seal at far right. The back shows the full Red and Brown PATENT CONGREVE CHECK PLATE. The Nahant Bank was a short-lived institution that survived for a mere three years. This higher denomination note is in superb grade, without comment from the grading service, and carries the Eric P. Newman provenance. Originally sold for \$2,115 in 2015.

\$1,250-\$1,750

20017

Plymouth, Massachusetts. Plymouth Bank. 1840s-50s \$10. PMG About Uncirculated 53. Proof. (MA-1000 G124). Plate O. Imprint of Toppin, Carpenter, & Co., New-York & Philad. India paper on original card. At upper left a wide and custom vignette of Landing of the Pilgrims, 1620. Many, many settlers and some Indians. Large "X" right of center. An Indian princess at far right. PMG comments "Pieces Added," as there was some chipping off of the India paper which was deftly drawn in. The Haxby Plate note from the Vattermare sales. A great Proof that projects mightily and which bears one of the great title/vignette combinations from Massachusetts. A decade ago we sold this same Proof for a hair under \$5,000. The higher denomination proofs are rarely offered and always sell for strong four-figure prices when they do make their presence felt.

\$1,500-\$2,000

NEW HAMPSHIRE

20018

Exeter, New Hampshire. Merchant Scrip. 1862 10 Cents. PCGS Banknote Very Fine 20. (Lafond 550-00.10-1., Rarity-7). An extreme rarity from Exeter, New Hampshire. It is a great departure from the majority of that state's scrip. The size is not diminutive, but full banknote-size. It is also printed in two colors: red on the face and green on the back. Last year Kevin Lafond published his opus on the private notes of the Granite State and these enigmatic issues were brought to life for other collectors. Without the help of any book, this note's rarity is apparent. The illustrated example in the book is the Schingoethe-Finn example that sold in the first numbered Schingoethe sale in October 2004 for \$488.75. The all red face has titles, texts, obligation and a small apothecary emblem at the base. Signed by Ephraim Fellows. The green back is intricate with an Exeter street scene with buildings at the center. Flanking are advertising texts for Fogg & Fellowes at the left and Goodwin at the right describing their businesses and products. Excellent paper body for its wear and sharp colors. PCGS Banknote cites "Small paper scuff, minor stains." The faults are academic. Kevin cites two known of this type. At worst this is the third 10 Cents. A fascinating piece.

\$1,000-\$1,500

NEW JERSEY

20019

Kaighn's Point, New Jersey. Kaighn & Stone. 1862 25 Cents. PMG About Uncirculated 55 EPQ. Remainder. (Wait UNL) 1862. Remainder. Red and black printing. Elaborate upper vignette of barrels and bags of corn. Several colorful "25" protectors. Printed on the back of Bank of Pennsylvania drafts. Advertising at right states "Dealers in Flour, Feed and Coal, Kaighn's Point Avenue, ab, Front, Kaighn's Point, New Jersey." A rare piece located in Camden County. The ferry from Kaighn's Point into Philadelphia was a particularly important part of nineteenth century commerce in the area. We do not know much about Kaighn & Stone, but the business of Elias Kaighn was bought out by Sitley & Son (Arthur M. and son Frank B.) in 1886.

\$1,000-\$1,500

NEW YORK

20020

New York, New York. Bank of the United States (3rd). 1840 \$20,000. PMG Choice About Uncirculated 58 EPQ. (US-3 G108) Plate A. Dec. 15, 1840. Post Note. Draper, Toppan, Longacre & Co. Phila. & New York. Signed by Thomas Dunlap as President. The highest and odd denomination Post Notes used this engraved form. The denomination was written in and dated at the top left when payable and where. The style differs from the \$1000 and \$2000 style and the \$5000. The bank building at the top center remains, but POST NOTE at the far left shaded panel and demure female in oval at bottom center. This example is payable at the branch in New York, but nine months after date, with the usual back stampings on the blank back. A handpicked note of superior quality. We have always believed better quality examples are undervalued.

\$1,000-\$1,500

20021

New York, New York. Chemical Bank. ND (18xx). Uncut Sheet. \$1-\$1-\$1-\$1. Choice Uncirculated. Proof. (NY-1505 G6-G6-G6-G6) Durand & Comp. New York. India paper mounted on card. Each note with young child in oval frame in ornate end panels at left and right. Goddess with eagle and shield at center. Large 1s on either side of central vignette. Cherub at bottom center with apothecary items. Just a single sheet of this design was seen in the ABNC auction. The Christies catalog misattributed the plated note on page 176 as G6 but Haxby plates the design offered here as G6. Well printed on bright paper.

\$1,500-\$2,500

PENNSYLVANIA

20022

Salem, New York. Bank of Salem. 1850s \$20. PMG About Uncirculated 55. Proof. (NY-2485 G10) Plate A. Four POCs. Printed on India paper only. Imprint of Wellstood, Hanks, Hay & Whiting, New York. 18__ Proof. Liberty holding fasces at left. Flying Plenty spreading her bounty at right. PMG notes Minor Repairs. The Bank of Salem operated from 1853 to 1865 when it became the National Bank of Salem, charter 1127. From the John J. Ford collection where it topped the \$1,000 mark in 2005. Low denominations do float around from time to time, but this \$20 Proof is likely unique.

\$1,000-\$1,500

20024

Lewistown, Pennsylvania. Mifflin County Bank. 1859-60's \$5. PMG Choice Fine 15. (PA-255 G4a) Plate B. ABNC. Printed in black with red-brown tints. Cherub at top left. Girl with two calves at center. Male portrait bottom right. Tinted V protectors at upper right and left of central vignette. Tinted die with pledge at left. Tinted die counter 5 at top right. Red-brown FIVE DOLLARS in micro letters repeating in signature panel. Haxby just listed a \$5 and \$10 design for this rare bank which became the Mifflin County National Bank of Lewiston, charter #1579. PMG notes Paper Pulls. A rare Civil War era Obsolete.

\$1,000-\$1,500

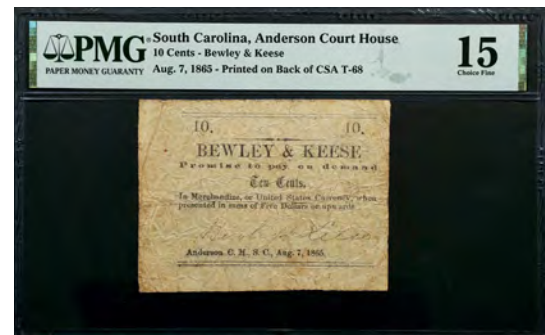

SOUTH CAROLINA

20023

Tarrytown, New York. J.W. Ramsey & Company's Bank of Tarrytown. 1860 \$1. PMG Very Good 8. (NY-2665 G2) Plate B. American Bank Note Company. Washington at center. New York Bank Department at left. Young girl with dandelion at right. Signed by E.W. Candee as Cashier and J.W. Rumsey as Banker. These notes were received by the Metropolitan bank at .25% discount. PMG comments Stained. A short-lived bank that was in operation from 1860 to 1861. A great rarity.

\$1,000-\$1,500

20025

Anderson Court House, South Carolina. Bewley & Keese. 1865 10 Cents. PMG Choice Fine 15. Similar to Sheheen 686. Printed on brown paper. Signed Bewley & Keese. Interestingly, the obligation to pay "In Merchandise, or United States Currency" seems in defiant opposition to the fact that is printed on the other side of a Confederate T-68 back. Printed a mere four months or so following Lee's surrender at Appomattox. Sherman's troops had also just recently occupied the village of Anderson. Bewley, Keese & Co. was a store that sold food and other dry goods. Your cataloger, always the enthusiastic historical researcher, has found a July 1869 issue of the "Anderson Intelligencer" which states that Bewley, Keese & Co. is closing up and would all persons indebted to the store please come close their accounts with either cash or note. "Cash is preferred as we need money." A great historical item and incredibly rare on its own merits. The only other example we have seen was printed with a plain back and it realized over \$10,000 back in 2004. This is such a superb note, on so many levels, which deserves to see lots of spirited bidding in order to acquire it.

\$4,000-\$6,000

20026

Charleston, South Carolina. Bank of Charleston. 1830s-61 \$7. PMG Very Fine 25 Net. Repaired, Tear. (SC-10 G8) Sheheen 58. Plate A. Low serial number 53. Imprint of Draper, Toppan, Longacre & Co. Phila & NY. Allegorical female at center. A pair of intricate "7" dies flank each side. Different train and bridge vignettes at the upper corners. Early Civil War date. PMG notes Repaired; Tear. The bank was organized in 1835 and eventually became the Bank of Charleston, National Banking Association in 1872. This \$7 note was part of a series that issued odd denominations of \$6, \$7, \$8, \$9. This is the first example we have sold of any denomination as they really are quite rare.

\$1,000-\$1,500

20028

Yorkville, South Carolina. King's Mountain Railroad Co. 1871 \$1. PMG Choice About Uncirculated 58. Remainder. (Haxby-UNL) Jan. 2, 1871. Remainder. Imprint of L.M. Grist Pr. Yorkville. Printed on bond paper. Green arms at right with green security back. America seated with shield at bottom center. Maid with scythe at upper left. The back shows title and denomination. Printed with black and green inks. PMG notes Small Tears. The King's Mountain Railroad was 23 miles in length. The Kings Mountain Railroad Co. had capital stock of \$200,000 and equipment of \$100,000. The railroad was completed in 1852 and ran from Yorkville to Chest Court House. During the Civil War, the railroad was destroyed and not rebuilt until 1873. This advertising note's purpose was to raise funds for that rebuilding. A rare note that is only the second we have offered. The other was also Choice AU and brought \$1,410 almost a decade ago.

\$1,000-\$1,500

TENNESSEE

20027

Lot of (3). Charleston, South Carolina. Soldiers' Way-Side Home. 1864 \$1, \$2 & \$5. PMG Very Fine 25 to Choice Extremely Fine 45 EPQ. (Sheheen 845, 846, and 848) No imprint. Redeemable at the Bank of Charleston. All three have vignette of Dog with safe. Ornate green back design. The \$1 and \$2 notes are lovely, problem-free pieces, while the \$5 note has been Previously Mounted. The \$5 is an unsigned Remainder, whereas the other two are fully signed and issued. Contemporary newspaper accounts place the Soldiers' Way-Side Home as a facility for helping Confederate soldiers. There was a statewide network of Wayside Hospitals which began in Columbia in 1862.

\$1,500-\$2,000

20029

Nashville, Tennessee. Farmers & Mechanics Bank - Unknown Issuer - Post Note. 1820s \$5. PMG Fine 12. (Garland UNL. Schaffluetzel N-B.YWC-5-4PN) Plate B. Nov. 1, 1829. Low serial number 35. Imprint of Fairman, Draper & Underwood & Co. Post note payable at the Farmers & Mechanics Bank in Philadelphia. Agriculture at center. Boldly signed by Yeatman, Woods & Co. This banking firm was founded in the early 1820's but suspended activities resulting from the Panic of 1837. This is the Schaffluetzel-Carson Plate Note and is believed to be unique.

\$1,000-\$1,500

TEXAS

20030

Uncut Sheet of (4). Nacogdoches, Texas. Kelsey H. Douglass. 18xx \$2-\$2-\$3-\$5. Extremely Fine. Remainder. Imprint of Rawdon, Wright & Hatch, New-York/Rawdon, Wright, Hatch & Edson, New-Orleans. Penned "X" cancellations through each note. We have handled individual notes from this issuer, but we cannot recall handling a sheet in recent memory. The \$2's display the portrait of a Native American at right, allegorical bare chested maidens at center with ships at center, and a cotton plant at left. The \$2 depicts a steam engine at center, farmer at right and Native American with drawn bow at left. The \$5 has livestock at center, a woman's portrait at right and a Native American at left. Margin tears, edge wear, toning and light stains are found.

\$1,000-\$1,500

20031

San Antonio, Texas. Texas Powder Company. 1860s \$2. PMG Fine 12 Net. Pieces Missing. Remainder. (Medlar-UNL) 186_ Remainder. For "TWO DOLLARS/TWO PESOS." The obligation states presentable at "the Office of the Company, McCarthy & Duff, or Sweet & Lacoste." Printed on the back of some type of fiscal documents. PMG notes Pieces Missing. There is a damaged, issued \$1 note in the Rowe-Barr collection at SMU. The firm of Sweet & Lacoste served many of the prominent businessmen of the time. They were large suppliers of copper and commandeered large supplies of cotton bound for Great Britain during the Civil War. This same note first sold for just under \$3,000 in a 2006 sale. Incredibly rare and possibly unique.

\$1,500-\$2,000

VERMONT

20032

Brattleboro, Vermont. Windham County Bank. 1850s \$50. PMG Choice Uncirculated 64. Proof. (VT-40 G14a) Plate A. 6 POC's. Printed on India paper and mounted on cardstock. Imprint of Danforth, Wright & Co., New York & Philada. Blacksmith standing with anvil at center under curved title. A woman leans on a pail at lower left. Liberty at lower right. Intricate 50 dies at the upper corners. Large "FIFTY" protector at bottom center. Full red color tint. This bank became the First National Bank of Brattleboro in 1864, charter 470. A beautiful Proof with wide margins and fresh paper. Lower denomination proofs from this series can be located, but such is not the case for the high denominations. It is highly likely that this is only one of two examples known.

\$1,000-\$1,500

VIRGINIA

20033

Lynchburg, Virginia. Clearing House Certificate. 1907 \$1. PCGS Banknote Very Fine 20. A rare piece of Depression Scrip and the first we have offered. Fully signed and issued. Virginia seal and motto on bright orange back. Quite rare.

\$1,000-\$1,500

CONFEDERATE CURRENCY

20034

T-38. Confederate Currency. 1861 \$2. PMG Fine 12. No. 2273, Plate 9. Imprint of Blanton Duncan, Columbia, SC. South Striking Down Union at center. Judah Benjamin at left. Seen with good margins overall. A storied type that is more of an error of the T-42 design rather than its own type. The date of September 2, 1861 was supposed to be the June 2, 1862 date but due to the large amount which circulated and are known today, having it a separate catalog number seems appropriate. They are typically marred with problems and locating problem free and evenly circulated mid-grade examples such as this is not an easy feat.

\$1,000-\$1,500

20035

T-65. Confederate Currency. 1864 \$100. PCGS Banknote Gem Uncirculated 66 PPQ. CR-494. PF-1. Series II. No. 8017, Plate C. Dark red tint pops on this well preserved "Lucy Pickens" Gem. PCGS Banknote Pop 2/None Finer.

\$1,000-\$1,500

20036

Pack of (40). T-69. Confederate Currency. 1864 \$5. About Uncirculated to Uncirculated. A consecutive pack of 40 1864 \$5's. These packs are getting much more difficult to locate as the years go by, due to these being broken up for the sum of their parts. Wear to the band is noticed, along with corner wear on some of the notes.

\$2,000-\$3,000

From the "This Buck Stopped Here" Collection.

LARGE SIZE

DEMAND NOTES

20037

Fr. 6. 1861 \$10 Demand Note. PMG Very Fine 20 Net. Restoration. The Demand Notes of 1861 represent the first large issue of federal paper money since Continental Currency days. In the 1790s when state-chartered banks began to issue notes, a new emission of federal paper may have been met with rejection. In any event, decades passed with state-chartered institutions providing most of the supply of banknotes. The portrait of Lincoln is to the left, while he was still president, a policy that was later changed to show only deceased individuals. An eagle with a draped shield is seen at the center and an allegory representing Art at the right. A very nice back design characterizes the variety, with the motif filling nearly all of the available paper surface. PMG comments "Restoration." Overall a highlight which will enhance any upper level collection of large-size notes.

\$5,000-\$7,000

LEGAL TENDER NOTES

20038

Fr. 16. 1862 \$1 Legal Tender Note. PMG Choice Uncirculated 64. Series 227. Plate A. Mirrored plate number in top margin. Very well margined and showing excellent ink colors. PMG notes Pinholes. The last example we sold was a PMG Unc 61 that sold for \$2,640 last November. A lovely example of this early legal tender type.

\$3,000-\$4,000

20041

Fr. 16c. 1862 \$1 Legal Tender Note. PMG Choice About Uncirculated 58. Series 249. Dark green underprints and bold red overprints pop on this \$1 Legal.

\$1,500-\$2,500

20039

Fr. 16. 1862 \$1 Legal Tender Note. PMG Very Fine 30. Series 179. The treasury seal and serial number pop in bold cherry red ink. Good eye appeal for the assigned grade.

Gem Civil War Era Deuce

PCGS Banknote Pop 1/None Finer

20061

Fr. 41. 1862 \$2 Legal Tender Note. PCGS Banknote Gem Uncirculated 65 PPQ. This example of the first federally issued \$2 design type presents exceptional quality, essentially as nice as the day it was printed. The inks are sharp on this Deuce, with the dark forest green underprint and ruby red overprints standing out with fantastic appeal. This note hails from the, derogatory at the time of issuance, Greenback series launched in 1862. The engraving was done by NBNC, however ABNC and NBNC shared in the printing duties. Interestingly, Chittenden and Spinners signatures were printed with a separate plate in special ink.

At left of center is a large portrait of Alexander Hamilton, which was engraved by Joseph P. Ourdan. Similar to the Ace from the

series, the 1-2-3 design is found below the treasury seal. The treasury seal was interestingly applied by the National Currency Bureau in Washington. The back is printed in green and has the denomination and redemption information. The last is the so-called Second Obligation: "This note is a Legal Tender for all debts public and private, except for duties on imports and interest on the public debt, and is receivable in payment of all loans made to the United States." A great opportunity for the type collector looking to upgrade or add this Gem to their elite level collection. Seldom do high end examples of this type become available to collectors, so we expect to see spirited bidding on this lot. PCGS Banknote Pop 1/none finer.

REFUNDING CERTIFICATES

20127

Fr. 214. 1879 \$10 Refunding Certificate. PCGS Banknote Very Fine 20. An interesting piece of United States banknote history. These refunding certificates were issued with an annual interest rate of 4% per year, and were meant to accrue interest indefinitely. This was an incentive for the public to hold on to these notes and not redeem them. Unfortunately in 1907, Congress stopped the annual indefinite interest on these notes. By 1907 these notes had earned \$11.30 in interest, making them worth more than double face value.

Remarkable Fr. 270 \$5 Educational Note

20175

Fr. 270. 1896 \$5 Silver Certificate. PMG Gem Uncirculated 66 EPQ. This is one of the most popular design type in all of American currency and is ranked #5 in 100 Greatest American Currency Notes by Q. David Bowers and David M. Sundman. When issued, the motifs were controversial. The exposed breasts of certain figures in the design caused several Boston society ladies to rally against the note, while some banks refused to accept them. These were in time replaced by the Series of 1899 “Indian Chief” notes.

The central vignette is titled, Electricity Presenting Light to the World and was based on the work of mural artist Walter Shirlaw. The back design was conceived by Lorenzo H. Hatch and Thomas F. Morris and, as with the face, it was engraved by G.F.C. Smillie. It features a winged Victory at the center, with

wings spread toward vignettes of Ulysses S. Grant and Philip Sheridan, Union generals during the Civil War who were credited with the Union victory.

The Lyons-Roberts signature combination represents the scarcest of the three signature varieties for the type, with just over 500 examples recorded in the census. This exemplary specimen is nearly superb with the face ideally centered and framed by broad margins on all four sides. The back is also broadly margined and well centered, though shifted ever so slightly up. Both the face and back plate impressions are exquisitely accomplished in vivid detail. The overprints are ideally colored and boldly embossed. Truly a top notch note with broad appeal across numismatics. PMG Pop 7/1 Finer.

The paper is bright and deep blue overprints of the serials, counter and treasury seal pop. The famous Indian Chief \$5 has long been one of the most widely desired federal currency types. The man depicted is Running Antelope, a chief of the Hunkpapa Sioux. Running Antelope died in 1896 and thus would not live to see his portrait on the circulating bank notes of the United States. However, perhaps it is just as well since artistic needs required that he be depicted wearing a Pawnee headdress rather than that of the Sioux.

Incredible Gem 1886 \$10 Tombstone

Finest Graded by PCGS Banknote

20188

Fr. 291. 1886 \$10 Silver Certificate. PCGS Banknote Gem Uncirculated 65 PPQ. Just 400,000 examples of this Rosecrans-Jordan Series of 1886 \$10 Silver Certificate were printed, the smallest print run for the entire design type (including Series of 1891 and 1907 notes). This was the first variety issued of the design type. Depicted on the face is Thomas A. Hendricks, who was vice-president of the United States for several months in 1885, before he died in office. Whether surrounding his portrait with a frame curved at the top and giving rise to the name "Tombstone Note," was intentional or inadvertent is unknown. A small red Treasury Seal with plain border is at bottom right and blue printed serial numbers are at bottom left and at right.

This variety has a green printed ornate back design featuring large 10 counters at left and right of center with the Silver Certificate language at center.

Just around 30 examples of this catalog number are known to exist and the presently offered note is the single finest graded of those. This is a rarely offered variety and a design type and seal combination that is often missing from many collections. PCGS Banknote 1/none finer.

TREASURY NOTES

Beautiful Ornate Back \$1

20205

Fr. 347. 1890 \$1 Treasury Note. PMG Choice Uncirculated 64 EPQ. The face of each of the \$1 Coin or Treasury Note, Series of 1890 and the subsequent Series of 1891 bills, features the portrait of Edwin M. Stanton, secretary of war under presidents Lincoln and Johnson. The focus and admiration of numismatists is on the back, where the word "ONE" is in large and intricately engraved letters against an extremely rich green background. At the Bureau of Engraving and Printing this was a team effort in the strictest sense, and involved the combined

talents of D.M. Cooper, W.A. Copenhaver, W.H. Douglas, E.M. Hall, E.E. Myers and George U. Rose, Jr., this according to Gene Hessler. All Treasury or Coin Notes, across all denominations, have a star next to the serial number, an artistic touch and not indicating a replacement note (as it does today). These are beautiful to behold, especially on high-grade examples. As a class these bills are scarce, creating one of the more elusive types within the \$1 denomination.

Impressive A60★ Ornate Back 1890 \$2

20211

Fr. 353. 1890 \$2 Treasury Note. PMG Choice Uncirculated 64 EPQ. Serial Number 60. It has been sometime since we have offered an ornate back Deuce to our bidders at this grade level, so this example is sure to turn a few heads as it crosses the auction block. Low serial number A60 is boldly printed in deep red ink at lower left and top right. The engraved design elements display striking detail. The ornately printed “Fancy Back” is flawlessly executed in brilliant green. Depicted at right is the “Hero of Vicksburg”, General James McPherson, which was engraved by Charles Burt. McPherson, killed in the July 1864 Battle of Atlanta, served as chief engineer under General

U.S. Grant in 1862, and later served in the Vicksburg Campaign (1862-1863) and the Battle of Shiloh (1864), after which he was given command of the Army of the Tennessee. His death is notable in more than one respect. The army he faced in Atlanta was led by Confederate General John Bell Hood, who had been McPherson’s classmate at West Point, illustrating how close associates and even brothers found themselves opposing each other on the field of battle. Additionally he was the second highest ranking Union officer killed in the war.

20248

Fr. 749★. 1918 \$2 Federal Reserve Bank Star Note. Boston. PMG About Uncirculated 50 EPQ. This is one of just eleven replacements reported in Track and Price for this Elliott - Burke - Willett - Morss signature variety. This is one of only three examples in a PMG holder, with this example being Top Pop by a country mile- the second highest being in a Very Fine 25 grade. Unquestionably original paper is denoted by PMG's EPQ qualifier, with attractive embossing noticed on the reverse. The margins are enticing, which nicely frame the important design. The popularity for this denomination comes from the depiction

of the New York class of battleship which is found on the reverse in intricate detail, which at the time this note was printed was considered state of the art in technology and shipbuilding. The New York class battleship consisted of BB-34 USS New York and BB-35 USS Texas, of which the Texas still survives today, and is a museum ship berthed at San Jacinto State Park in Texas as a lasting monument to the veterans of America's two world wars. Fr. 1012b. 1914 Red Seal \$50 Federal Reserve Note. Boston. PMG Choice About Uncirculated 58. An absolutely unheard of grade rarity when considering the catalog number and district for this \$50 Federal Reserve Note type. A look at the PMG population report shows no notes in the Uncirculated grade range and just this sole example in EF through CAU. The PMG pop report shows nothing better than a Choice Fine-15 example. quite nicely against the black design details and white paper. We have not offered this Friedberg variety to our bidders in the past two decades, and are excited to finally do so tonight. PMG Pop 1/None Finer.

Stunning Gem \$100 Red Seal Federal Reserve Note

20315

Fr. 1072A. 1914 Red Seal \$100 Federal Reserve Note. Boston. PCGS Banknote Gem Uncirculated 65 PPQ. PCGS Banknote has graded just two examples of this elusive design type. This \$100 Red Seal is from the Federal Reserve Bank of Boston as attested to by the black district seal at left which features a bold "1-A" within. At center is a profile of founding father Benjamin Franklin facing to the right. A red scalloped Treasury Seal is at right. Red printed serial numbers are to the lower left and top right. The Treasury official signatures are Burke and McAdoo. This is an "a" variety note with a large district number and letter at bottom left and top right and small plate letters at top left

and bottom right. The back features an intricate design with five allegorical figures representing Labor, Plenty, America, Peace and Commerce.

This note last appeared publicly in a June 2008 auction where it realized \$46,000. Considering the strength of today's market, we would not be surprised if that figure is reached or even exceeded. PCGS Banknote Pop 1/1 finer.

Rare 1918 Boston \$500 Federal Reserve Note

20330

Fr. 1132-A. 1918 \$500 Federal Reserve Note. Boston. PMG Very Fine 25. An astonishing Boston large size \$500 which we are proud to offer to the collecting community. Just three examples of this Boston type are listed in Track and Price's census, making it the third scarcest district to acquire one of these awe-inspiring notes from. Two have been graded by PMG. The presently offered example has been off the market since appearing at a 2005 auction, and is surely destined for another long-term collection. Attractive margins and dark ink tones remain on this Very Fine example. Depicted at center is Chief Justice John Marshall, who is often regarded as the most influential justices to ever sit on the Supreme Court. Marshall served as the 4th Secretary of State from 1800 to 1801, and the 4th Chief Justice from 1801 to 1835. Marshall served in the Continental Army during the Revolutionary War, and later passed the state bar and became a lawyer in Virginia, ultimately

favoring the passing of the United States Constitution, and ultimately played a major role in getting Virginia to ratify the Constitution.

The reverse of the note depicts an awe-inspiring depiction of De-Soto Discovering the Mississippi. This was originally painted by William Henry Powell, as commissioned by Congress, in 1855. Powell died in 1879, having lived to only see the Discovery of the Mississippi printed on the National Currency Original \$10's of the era, and sadly not this high denomination note. Hernando de Soto reached the Mississippi River on May 8th, 1541. After an unsuccessful escapade searching for gold and silver, de Soto later died on the banks of the Mississippi river on May 21st, 1542 from fever.

Scarce 1918 Boston \$1000 Federal Reserve Note

20331

Fr. 1133-A. 1918 \$1000 Federal Reserve Note. Boston. PMG Very Fine 30. A monumental high denomination large size offering and one of the highlight of *The Boston Proper Collection*. This 1918 \$1000 Federal Reserve Note on the Boston district is just the fifth known note for the catalog number. One note is forever unavailable to the collecting community which is the serial number A16149A piece that is held by the Smithsonian Institution. This is essentially the highest denomination still legal tender large size note that is collectible as \$5000 and \$10,000 notes are unknown in private hands. The last Boston \$1000 Federal Reserve Note to sell at public auction was a PMG

Choice Fine 15 graded note which saw aggressive bidding in a August 2019 sale and ultimately realized \$18,000. This certainly superior note should easily eclipse that figure. Founding father Alexander Hamilton's stately portrait is found at center on the face while bold 1000 counters are prominently displayed in the corners. On the reverse our national bird with wings spread proudly is seen at center flanked by large denominational counters. PMG comments "Minor Restoration." PMG Pop 2/ None Finer.

20343

Fr. 1178. 1882 \$20 Gold Certificate. PCGS Banknote Superb Gem Uncirculated 68 PPQ. This 1882 \$20 Gold Certificate, an incredible condition rarity, displays nearly perfect centering with boardwalk margins framing its grandiose design. The sharply printed inks contrast starkly against the creamy white paper. The orange printed back, for which this series is so well known, is vivid and striking. This design ranks #95 in 100 Greatest American Currency Notes by Q. David Bowers and David M. Sundman.

The face depicts the recently martyred (1881) President James Garfield, while the back shows an eagle clutching a lightning bolt, with two cable-laying ships in the distance, titled Ocean Telegraph, engraved by George D. Baldwin. The inscription "GOLD COIN" is in the "shingle"-style lettering layout. Gold coins, absent from commerce since the waning days of

December 1861, achieved parity with Legal Tender and other paper on December 17, 1878. Accordingly, the Series of 1882 Gold Certificates could be exchanged at par.

The orange-gold color on the notes tended to fade. Today, notes with bright backs are worth more than those with faded color, regardless of the grade. The orange back design remains exceptionally attractive on this example. This is an exceedingly rare class of currency, and surviving examples are greatly treasured. A glance at PMG's population report lists two graded at the Superb Gem 67 EPQ level, with none graded finer. PCGS Banknote reports just one sitting at this lofty grade level, with none graded finer.

Fr. 1212. 1882 \$100 Gold Certificate. PMG Very Fine 20. This is one of just 55 examples of this Napier - Burke signed \$100's known to collectors, according to Track and Price.

\$1,500-\$2,500

20369

Fr. 1215. 1922 \$100 Gold Certificate. PMG Extremely Fine 40. Dark gold underprints pop on this mid-grade \$100. Dark burnt orange ink comprises the ornate back design. Excellent appeal for the assigned grade.

\$3,000-\$5,000

20367

Fr. 1214. 1882 \$100 Gold Certificate. PMG Choice Very Fine 35. Excellent appeal for the assigned grade is noticed on this 1882 Gold Certificate. The paper is bright and the underprints are dark gold.

\$2,500-\$3,500

20370

Fr. 1215. 1922 \$100 Gold Certificate. PMG Choice Very Fine 35. "Old Bullion" Thomas Hart Benton is depicted at left whilst a die counter is at right. This example is quite bright, with dark gold underprints standing out.

\$2,500-\$3,500

20368

Fr. 1215. 1922 \$100 Gold Certificate. PMG Extremely Fine 40. A high denomination Gold Certificate which boasts dark underprints and jet black design details. The dark orange color of the reverse design remains attractive for the assigned grade.

THIRD ISSUE

20372

Fr. 1215. 1922 \$100 Gold Certificate. PCGS Banknote Very Fine 30 Details. Small Edge Repairs, Minor Design Redrawn. A popular high denomination Gold Certificate, offered here in a Very Fine grade. PCGS Banknote comments "Small Edge Repairs, Minor Design Redrawn."

\$1,500-\$2,500

20375

Fr. 1300. 25 Cent. Third Issue. PMG Very Fine 30 Net. Repaired. Solid face bronzing. "a" on face position indicator. "M-2-6-5" surcharges on back. Printed on fiber paper. Plate number "2" in the lower right corner. Excellent eye appeal for this type but for the PMG comment "Repaired." The paper that these were printed on was particularly brittle, but this evening's offering remains relatively unscathed. A very scarce variety that is certainly in the upper echelon of all Currency Friedberg numbers.

\$1,250-\$1,750

20373

Fr. 1215. 1922 \$100 Gold Certificate. PMG Very Fine 25. This denomination represented a good chunk of change during circulation.

\$1,500-\$2,500

20376

Fr. 1328. 50 Cent. Third Issue. PCGS Banknote Gem Uncirculated 66 PPQ. Hand-signed with both Colby and Spinner autographs present. Red back. "A-2-6-5" surcharges. Seen with wide margins, luminous bronzing, and bright paper. The last example that we sold at this grade level was a PMG Gem Unc 66 EPQ that topped the \$1,000 mark last year.

\$1,000-\$1,500

20374

Fr. 1225g. 1900 \$10000 Gold Certificate. PMG Very Fine 25. Just eleven notes are reported in Track & Price's census for this scarce Parker-Burke signature combination, which includes this newly reported note. For comparison, the most common variety is 1225H, with 292 notes recorded in T&P. PMG comments "Cancelled, Stained."

\$3,000-\$5,000

FOURTH ISSUE

20377

Fr. 1336. 50 Cents. Third Issue. PMG Choice Extremely Fine 45 EPQ. Green back Justice. "A-2-6-5" surcharges. Fr. 1336 is the most desirable of the "1" and "a" Spinner notes. This is by virtue of the fact that it is found on the much scarcer green back subtype with surcharges. A trio of hulking margins and outrageous depth of printing lend to the visual impact of this piece. The "Wealth of the South" collection that we sold in 2019 had a PMG Very Fine 35 that realized \$720. This note is significantly better than that one and so is the market in which it is being sold.

\$1,000-\$1,500

20378

Fr. 1338. 50 Cents. Third Issue. PMG Choice Uncirculated 63. Green back with surcharges. "a" on face position indicator. This Friedberg number is quite scarce and has always been very underrated, particularly at the highest uncirculated grade levels. This note has a trio of wide margins, good color, and wonderful depth of printing. PMG comments Previously Mounted. Nice AU examples sell for several hundred dollars and Choice CU 63PQ pieces have realized around \$1,500 or more in recent years. A very pretty example that will likely land in an advanced Fractional Currency collection.

\$1,250-\$1,750

20379

Fr. 1371. 50 Cents. Third Issue. PMG Extremely Fine 40 Net. Tape Repairs. Fiber paper Justice. Both "1" and "a" position indicators. PMG has noted Tape Repairs. Fewer than 20 examples are known. Always certain to draw plenty of attention to itself when appearing for sale.

\$1,000-\$1,500

20380

Fr. 1374. 50 Cent. Fourth Issue. PMG Gem Uncirculated 65 EPQ. Your cataloger has been specializing in Fractional Currency for a very long time and that experience speaks volumes; this Lincoln type is, without question, the single most popular of all the major fractional types. It is well margined gem that has great centering, deep printing, and bright color. A little over a year ago we saw the first of this type top the \$10,000 figure. If that is not a clarion call for collecting Lincoln notes then nothing will be.

\$2,500-\$3,500

20381

Fr. 1376. 50 Cents. Fourth Issue. PMG Gem Uncirculated 65 EPQ. The treasury seal has great crimson ink color and is fully punched through to the back. Sizeable margins are found and the right end of the note has retained a lovely blue color. Any gem Stanton note is a thousand dollar proposition. In our ANA sale last summer we sold a gem Stanton note for over \$1,000.

\$1,000-\$1,500

MILITARY PAYMENT CERTIFICATES

20382

Military Payment Certificate. Series 471. \$10. PMG Gem Uncirculated 66 EPQ. This is a much better early MPC issue and denomination. Bright ink colors, excellent margins for the grade, and clearly original paper surfaces are noted. Of the handful we have sold over the years this is clearly the nicest one. Recent auction results have placed superb gem examples on solid four-figure pricing ground.

\$1,000-\$1,500

20384

Military Payment Certificate. Series 691. \$5. PMG Gem Uncirculated 65 EPQ. Second Printing. Bright and colorful paper, wide margins, and superb centering all validate the assigned third-party grade. Auction results from this year have shown gems to sell for an average of around \$2,000. We see no reason for this exceptional MPC to fare any differently.

\$1,250-\$1,750

20383

Military Payment Certificate. Series 681. \$10. PMG Superb Gem Uncirculated 67 EPQ. First Printing. A Vietnam War era \$10 which depicts a soldier at center holding an M-14 rifle, flanked at left and right by a silhouette of a soldier next to a Chinook helicopter. The reverse of the note depicts an M60 Patton tank crossing terrain. PMG has only graded a half-dozen finer than this one. We have sold two other PMG Superb Gem Unc 67 EPQ notes over the past decade, both of which landed in the general neighborhood of \$750. We feel in the present-day market, with its very sophisticated collectors of high-end material, our estimate should seem rather foolish once the hammer falls here this evening.

\$1,250-\$1,750

20385

Military Payment Certificate. Series 691. \$10. PMG Gem Uncirculated 65 EPQ. Second Printing. Another exceedingly popular and colorful later MPC type that recently has been selling for thousand dollar prices at the gem grade level.

\$1,000-\$1,500

20386

Military Payment Certificate. Series 692. \$20. PCGS Banknote Uncirculated 62. Replacement. First Printing. Replacement. Indian Chief at center. Color tinted design. Sizeable margins except at the top is what accounts for the grade. Replacements of this type are really quite scarce and condition sensitive. According to the PMG Population Report, they have only deemed four examples Uncirculated.

\$1,250-\$1,750

20387

Military Payment Certificate. Series 701. \$5. PMG Gem Uncirculated 66 EPQ. Second Printing. These have been selling for solid four-figure prices at the gem grade level.

Fr. 1503. 1928B \$2 Legal Tender Note. PMG Gem Uncirculated 65 EPQ. A key note to the 1928 Legal Tender series and seldom offered in pleasing Gem Uncirculated states as such. The note presented here has all the qualities one would expect for the assigned grade with ruby red overprints, original paper and above average centering.

Near Perfect 1928 \$2 Red Seal PMG Pop 1/None Finer.

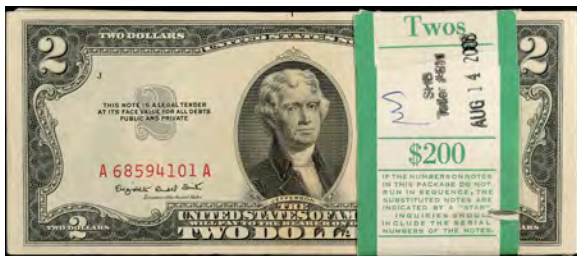

20389

Fr. 1508. 1928G \$2 Legal Tender Note. PMG Superb Gem Uncirculated 69 EPQ. Out of 2,449 examples graded by PMG for this catalog number, this is the sole note to have earned this monster Superb Gem Unc 69 EPQ grade. This note is truly stunning; the overprints are emblazoned in ruby red ink, the design is printed in jet black ink and the paper is milky

white. The margins are wide and offer attractive centering. For those collectors seeking the best of the best material, this is an opportunity that should not be passed up. Nearly perfect. PMG Pop 1/None Finer.

\$6,000-\$8,000

20390

Pack of (100) Fr. 1511. 1953B \$2 Legal Tender Notes. Uncirculated. Locating these original packs is becoming more difficult each year as they inevitably become broken up for the sum of their parts. Corner wear or counting crinkles may be noticed.

Deeply embossed overprints on original paper along with a strong impression of the design. Nicely centered with even borders and vibrant inks. The only couple of gems we have sold was a PMG Gem Unc 66 EPQ that brought \$1,560 in our 2019 ANA sale, as well as a PMG Gem Unc 65 EPQ that realized \$840 in our 2018 ANA sale. Now it is time for our 2022 ANA sale and the market is ahead of those earlier times by leaps and bounds.

\$1,000-\$1,500

20392

20396

Original Pack of (100). Fr. 1536. 1963 \$5 Legal Tender Notes. Uncirculated. These original Legal Tender Five Dollar packs are becoming more scarce as most are being broken up for individual sale. \$3,000-\$5,000

SILVER CERTIFICATES

20397

Fr. 1601. 1928A \$1 Silver Certificate. PCGS Currency Superb Gem New 67 PPQ. A superb example of this scarce J-B block 1928A \$1 Silver. The consecutive example to this note sold in a 2021 public auction for \$3,600 (that note was Pop 1/None Finer for the block according to PMG).

Original Pack of 1928A \$1 Silver Certificates

20398

Pack of (100) Fr. 1601. 1928A \$1 Silver Certificates. PCGS Banknote Choice Uncirculated 64. An outstanding original pack of 1928A Silver Certificates. These packs are becoming less common as the majority of these notes have been broken up and dispersed individually or in small consecutive runs. We

have not offered a 1928A \$1 Silver Certificate pack since our August 2017 ANA sale. The encapsulation holder is quite neat, with PCGS Banknote having graded the entire pack.

\$10,000-\$15,000

20399

20400

Fr. 1604★. 1928D \$1 Silver Certificate Star Note. PCGS Banknote Very Fine 25. One of the scarcest small size replacement notes, with around 30 recorded in Track and Price's census. This example offers appealing margins & dark blue overprints.

\$2,000-\$3,000

20401

Fr. 1605. 1928E \$1 Silver Certificate. PCGS Banknote Gem Uncirculated 66 PPQ. These 1928E series notes are the key to small-size One Dollar Silver Certificates. This high-end Gem offering will certainly be appreciated by collectors as the originality is unquestionable and the centering terrific.

\$2,000-\$3,000

Key 1928E Small Size Replacement

20402

Fr. 1605★. 1928E \$1 Silver Certificate Star Note. PMG Very Fine 25. There are thirteen examples of this rare \$1 Silver Certificate Star Notes known to the collecting community, making it the key to the small size silvers. The important overprint is boldly displayed in deep blue inks. The margins are

wide, offering plentiful paper. This piece will surely fill a gap that is missing in even the most advanced collection of small size paper.

\$6,000-\$8,000

20403

Fr. 1609★. 1935A \$1 Silver Certificate Star Note. (R) Experimental. PMG About Uncirculated 55. This note is one which is likely missing from even comprehensive small size collections. In the 1940's the Bureau of Engraving and Printing sought out to test a special new paper. To conduct the test, the BEP issued 1.184 million 1935A Silver Certificates with a new special paper formula with the letter "S" in red located at lower right. The "S" stood for special paper while the control group which was the existing paper used was labeled with "R" for regular paper. Including in the 1.184 million notes issued were 12,000 replacement star notes. These notes are rare in any grade. It is estimated just 33 star notes are known for the "R" in all grades combined.

\$5,000-\$7,000

20404

Uncut Sheet of (18). Fr. 1613N. 1935D \$1 Silver Certificate. Narrow. PMG About Uncirculated 55 EPQ. An elusive 1935D series sheet, offered with 18 subjects (12 subjects were also issued to a sheet for 1934D). The most common variety to acquire is 1935E in sheet form, with this being the first time we can recall handling a 35D in recent memory. This sheet was the 15th printed into the new series where the reverse design we still use today was introduced. This sheet is certainly worth a premium to collectors, and we would not be surprised if our high estimate is met or exceeded.

\$2,000-\$4,000

20405
Pack of (100) Fr. 1614. 1935E \$1 Silver Certificates. PCGS Banknote Choice Uncirculated 63 PPQ. An original pack of 1935E Silvers, which contains one star note.

20408
Fr. 1653m637. 1934C \$5 Silver Certificate. PMG Gem Uncirculated 65 EPQ. An often difficult mule variety with the #637 late finished back plate. This note displays monster front margins, enough so we believe this should have achieved a higher grade.

\$1,000-\$1,500

20406
Pack of (100) Fr. 1618. 1935H \$1 Silver Certificates. PCGS Banknote Choice Uncirculated 63 PPQ. A full pack of 1935H “with motto” notes. PCGS Banknote has notated that six 1935G motto stars are within the pack.

\$1,000-\$1,500

1933 \$10 Silver Certificate “King of Small Size”

20411

Fr. 1700. 1933 \$10 Silver Certificate. PMG Gem Uncirculated 65 EPQ. This note needs no introduction as virtually every dedicated small size collector aspires to eventually own one. The present example is near the top of the PMG Condition Census, with just eight others at this grade level and six finer. Both the face and the back are well printed and bright. This series differs from the far more common 1934 series notes with

a Treasury seal at left and the absence of a blue 10 counter. Also the wording “PAYABLE IN SILVER COIN TO THE BEARER ON DEMAND” as seen on this note was reworded to “IN SILVER PAYABLE TO THE BEARER ON DEMAND” for the later issues. Certainly a trophy note and worthy of entering even the finest of collections.

\$25,000-\$35,000

1933 \$10 Silver

20412

Fr. 1700. 1933 \$10 Silver Certificate. PCGS Currency Very Choice New 64 PPQ. This popular series is often called the “King of Small size”, and is among the rarest small size & for Silver Certificates. Its blue seal and serial numbers which are well embossed contrast nicely against its bright white paper. This series differs from the far more common 1934 series notes with a Treasury seal at left and the absence

of a blue 10 counter. Also the wording “PAYABLE IN SILVER COIN TO THE BEARER ON DEMAND” as seen on this note was reworded to “IN SILVER PAYABLE TO THE BEARER ON DEMAND” for the later issues. Certainly a trophy note and worthy of entering even the finest of collections.

Lot of (4). Fr. 2015-L. 1950E \$10 Federal Reserve Notes. San Francisco. PMG Superb Gem Uncirculated 67 EPQ. Consecutive Pairs. A quartet of superb gem examples from this much better 1950-E series. There are two consecutive pairs, all of which have been blessed with wide margins, great centering, bold inks, and superb printing. We have only seen a PMG Superb Gem Unc 68 EPQ sell at auction, and that realized \$690 over a dozen years ago. This is a fearsome foursome to be sure.

\$1,000-\$1,500

20421

Fr. 1959-BN. 1934C \$5 Federal Reserve Note. Narrow. New York. PMG About Uncirculated 55. A lovely example, this exceedingly rare \$5 1934C Narrow FRN from the B-C block represents the only block besides the extremely rare B★ in which you will find the Narrow variety for this denomination and series. The Narrow variety is found with face plate numbers 298-303, with this piece bearing face plate 301. In a sale from 2020, identically graded example just one serial number away from this offering sold for \$2,280. This nicely centered example, which shows no tangible evidence of circulation, should perform admirably. It realized \$1,500 in our 2021 ANA sale.

20425
 Fr. 2017-Ks. 1963A \$10 Federal Reserve Note. Dallas. PMG Choice Uncirculated 64 EPQ. Specimen. This is the only example recorded on PMG's population report for this Specimen variety. Scarce, and the first example we can recall handling publicly. PMG Pop 1/No Others Graded.

 Lot of (6). Fr. 2054-Glgs. 1934 \$20 Federal Reserve Notes. Chicago. PMG Choice Uncirculated 64 to Gem Uncirculated 66 EPQ★. Half Cut Sheet. Consecutive. Grades included are one in CU 64; one in GU 65Q; three in GU 66Q; and one in GU 66Q★. An impressive offering of six consecutive LGS notes, which hail from a half cut sheet.

\$2,500-\$3,500

20428

Fr. 2064-B★. 1950E \$20 Federal Reserve Star Note. New York. PMG Gem Uncirculated 66 EPQ. Nearly Top Pop at PMG with only a single 67 EPQ better. A meager printing of 720,000 notes for this New York star but relatively few survivors. Boardwalk margins, crackerjack embossing, and vivacious inks come together in validating the third-party grade. This is the first New York star that we have had the pleasure to sell but other auction results from the past couple of decades tell an exciting tale. Average price realized for the scant offerings at this grade level is \$1,900. A pristine example destined for a great Small Size currency collection.

Fr. 2405. 1928 \$100 Gold Certificate. PCGS Banknote Choice Uncirculated 63 PPQ. A monster offering for this type, as it sits proudly atop PCGS Banknote's population report. Well defined gold overprints stand out on the front. The back shows sharp detail of the central vignette portraying Independence Hall. Public occurrences at major

auction for this denomination are seldom found at these grade levels, especially so with the PPQ qualifier, and when offered the bidding is always spirited. PCGS Banknote Pop 1/None Finer.

20510

Fr. 2407. 1928 \$500 Gold Certificate. PCGS Banknote Choice Uncirculated 63. With just around 120 pieces known, 1928 \$500 Gold Certificates are easily considered one of the key notes to any small size U.S. currency collection. Their scarcity is enhanced by the fact that from April 5, 1933 until April 24, 1964 these notes were illegal to own due to an executive order issued by President Franklin D. Roosevelt. PCGS has graded just 4 examples of this type, with just one listed higher on their

population report. This particular example is quite stunning with a deeply inked impression of the design. The universal back design which is also found on the Federal Reserve Note is quite sharp with a dark green hue generating a lovely contrast to the frosty white paper. A seldom encountered opportunity to acquire this monumental small size type in a lovely Choice Uncirculated grade. PCGS Banknote Pop 1/1 Finer.

ERROR NOTES

LARGE SIZE ERRORS

20511

Fr. 233. 1899 \$1 Silver Certificate. PMG Choice Fine 15. **Misalignment Error.** The first print has been misaligned on the Black Eagle Ace, resulting in about 15% of the top design being cut off, and 15% of the sheet mates top design being printed mistakenly in the bottom part of the note.

Fr. 275. 1899 \$5 Silver Certificate. PMG Very Fine 20. **Inverted Back Error.** This back of this Chief note has been erroneously printed inverted. A neat note, with large size errors seldom crossing the auction block. PMG comments "Corner Missing."

DOUBLED FACE PRINTING

20513

Fr. 2027-F. 1985 \$10 Federal Reserve Note. Atlanta. PMG Very Fine 30. **Doubled Print Error.** No, you are not seeing an optical illusion or under the influence of an illicit substance-the back printing has been doubled, giving a 3-D effect to the design. Neat, and one of the most popular error types out there.

\$1,500-\$2,500

DOUBLED THIRD PRINTING

Doubled Overprint 1976 \$2

20514

Fr. 1935-D. 1976 \$2 Federal Reserve Note. Cleveland. PMG Gem Uncirculated 65 EPQ. Doubled Print Error. A neat doubled third print error, which gives a 3-D effect to the note. Interestingly, the doubled print is from a completely different note! The first set of serial numbers is "D22822649" and the second set is "D22822653A" which sits just on top of the original serial number. The seals are doubled, along with the

four "4"s of the district letters. The technical aspect of the note is outstanding; the margins are wide, the paper is bright and the ink dark. \$2 errors are scarce in their own right, but we have not encountered this error type in recent memory. This note is sure to be fought over by error collectors, so expect a hard fought battle to take this neat piece home.

A neat "cause & effect" error, which involved two notes during the printing process. The first note folded before the cutting process which resulted in the excess selvage that we see today, and the partial missing print on the face. The second note has the missing print from the first note offset onto the back left end.

Fr. 1525, 1928 \$5 Legal Tender Note. PMG Choice Very Fine 35. Printed Fold Error. Extremely Rare Additional Block Prefix Letter Error

20525

Fr. 1922-J. 1995 \$1 Federal Reserve Note. Kansas City. PMG Very Fine 30 EPQ. Mismatched Prefix Error. Additional Block Prefix Letter. This is the first type of error we have ever seen, let alone offer. This 1995 \$1 FRN was printed on the SOI (Super Orlof Intaglio) press. This is the same press that prints dual prefix letters for use on denominations \$5-\$100. This error does not appear in the latest edition by Dr. Frederick J. Bart of *United States Paper Money Errors*, but we have consulted with

Dr. Bart and has been gracious to provide this information for us. The left serial number J 04712719 Q is seen in normal fashion. The right serial number is seen with an additional prefix letter JZ 04712719 Q. The note itself is lightly circulated with excellent eye appeal. Any estimate is simply a guess, but we won't be surprised if this exceeds our high estimate.

MISMATCHED SERIAL NUMBERS

Unique Rainbow \$1 Mismatch

20529

Fr. 18. 1869 \$1 Legal Tender Note. PCGS Banknote Very Fine 20. Mismatched Serial Number Error. A monster rarity, which is destined for the top tier error note collector. For all large size serial number errors (of any type), Frederick J. Bart records only 14 known examples in his book *United States Paper Money Errors*. This example is the only recorded serial number error from the highly collectible Rainbow series of 1869, so this note will surely draw bids from both the error & large size collecting communities. The mistake lies within the last two digits of

the serial numbers; at left is Z9203467 & right Z9203471. According to Bart's book, it is one of only five large size errors to feature a double digit error. Looking past the error, this Very Fine note offers plenty of appeal for the assigned grade. The blue & green undertints are attractive given the circulation, with wide margins adding to the appeal. Bid accordingly, as it may be sometime before this treasure is offered again.

Famed Mismatch Black Eagle

Fr. 233. 1899 \$1 Silver Certificate. PMG About Uncirculated 50. Mismatched Serial Number Error. One of a small handful of Large Size mismatched serial numbers in existence. This note caused excitement in the collecting community when it first surfaced in 2006. It sold for \$10,000 at auction when it was just the second reported Black Eagle. Since then,

just one other mismatch Black Eagle has been reported, and this is the finest of the three. PMG Comments “Discoloration”. A rare opportunity to obtain one of the best Large Size mismatch notes known.

Dayton, Ohio. \$100 1929 Ty. 1. Fr. 1804-1. The Winters NB & TC. PCGS Banknote Very Fine 25. Mismatched Serial Numbers Error. An outstanding National Currency error with this Type 1 \$100 featuring a mismatched serial number on its face. That’s right, the left serial number is B000050A on this note while the right serial number reads B000048A. This is one of just four or so mismatched serial number National Currency notes known. It is also the second \$100 National

Currency mismatch we are aware of, as just two are reported in Frederick J. Bart’s book *United States Paper Money Errors*. We sold the other known example in our August 2018 ANA sale for \$18,000 & that note was in a PCGS Currency Fine 15 grade. This note should easily eclipse that number. Amazing Three Digit Mismatch \$5 Silver

The near-Gem 1953 \$5 displays a massive margin at left, almost wide enough to drive a Mack truck on. But the coolness lies within the serial number error, the left being A70586214A and the right A70586100A. Usually just a single or double number

are wrong on these types of errors, but rarely three. This error is the result of a mechanical error of the number wheel becoming stuck during the printing process, according to the book *United States Paper Money Errors* by Dr. Frederick J. Bart.

The typical cause of this error is the press operator failing to set the same sequence of numbers on the two different numbering wheels prior to initializing a printing run, according to Dr. Fredrick J. According to Dr. Fredrick J. Barts' book *United States Paper Money Errors*, the 1974 series for \$100's is not listed in his census for known serial number errors. 20566

Fr. 3002-B. 2013 \$1 Federal Reserve Note. New York. PMG Choice Very Fine 35 EPQ. LEPE Press Error. Mismatched Serial Number. A wild, and jaw-dropping mismatched serial numbers error which is the first we have ever offered. This error occurred on the BEP's newer LEPE (Large Examining Printing Equipment) press. The left serial number is normal but right serial number reads with mismatched serial numbers and includes two solid green rectangle and a blank space in replace

of three digits. The digits that do appear are mismatched expect the last two digits (91). This is the third example that we are aware of, however, the others pale in comparisons as they only feature one solid green block, and one blank space. A top tier error, and one which we expect spirited bidding.

Track and Price's census lists 13 small size notes reported to exist from this Maricopa County issuing bank. This example is the finest to come forth at public auction from the bank, and this nearly Gem example is sure to create quite a buzz. Wonderful punch through embossing is readily noticed through the back of the third party holder. The paper is bright and original, and any Arizona collector would love to add this high grade example to their collection.

Milky white paper and attractive embossing are readily noticed on this ultra-low serial number Jefferson County issued note. The Simmons NB of Pine Bluff was chartered in March of 1903, and issued an eye-popping \$2,848,050 during its operation. The bank lasted until the end of the National Currency era in 1935, with \$175,350 reported out at close. Checking Track & Price's census, this appears to be the only small size serial number one note available to collectors from the bank.

CALIFORNIA

20573

El Monte, California. \$20 1902 Plain Back. Fr. 650. The First NB. Charter #6993. PMG Very Fine 30 EPQ. One of Los Angeles County's scarcest banks, with just four large size examples known according to Track & Price. We recently sold a \$10 Plain Back in a PCGS VF 20 grade for \$3,840 in 2019, and this \$20 should easily eclipse that number. A \$20 Plain Back has yet to make an auction appearance, and is a must have for California collectors. The paper is bright with purple stamped signatures retaining excellent appeal. This note also appears to be the only large size note from the bank to have earned the EPQ qualifier from a grading service. This example is a new addition to the current census, and is sure to be well received by the collecting community tonight.

FLORIDA

20576

De Funiak Springs, Florida. \$5 1902 Plain Back. Fr. 598. The First NB. Charter #7404. PMG Choice Fine 15. An important offering from this Walton County issuing bank, as we have not offered a note from this charter since our 2016 Baltimore auction. The First NB of De Funiak Springs only issued \$703,080 during its operating tenure, with a mere \$1,760 reported outstanding in large size currency in 1935. PMG comments "Minor Restoration."

20577

Chipley, Florida. \$20 1902 Plain Back. Fr. 650. The First NB. Charter #7778. PMG Very Fine 20. An elusive Washington County issuer, and the first example we have offered publicly in the past two decades. The First National Bank of Chipley was chartered in June of 1905, and issued a mere \$760,250 during its lifetime. The bank went into receivership on January 13th, 1931 with \$7,670 in large size reported out at close.

20580

Graceville, Florida. \$20 1902 Plain Back. Fr. 650. The First NB. Charter #7423. PMG Choice Fine 15. This tough Jackson County bank was organized in September of 1904 and issued both large and small size notes before going into receivership in October of 1931. Eleven large size notes are currently reported in Track and Price's census, and this appears to be the first Plain Back \$20 we have offered from this issuer in the past two decades. PMG comments "Discoloration."

20578

Coral Gables, Florida. \$5 1929 Ty. 1. Fr. 1800-1. The Coral Gables First NB. Charter #13008. PMG Choice Fine 15. An elusive charter to locate for this coastal city. 20581

Jacksonville, Florida. \$5 1902 Date Back. Fr. 594. The Heard NB. Charter #10136. PMG Very Fine 25. The Heard National Bank of Jacksonville was chartered on February 2nd, 1912 and issued \$2,799,360 before going into receivership on January 17th, 1917. \$583,400 was reported outstanding at close.

lovely color. Upon flipping the note over, punch through embossing is readily noticed.

\$2,000-\$3,000

Palm Beach County Rarity One of Just Five Known

20584

Lake Worth, Florida. \$5 1902 Plain Back. Fr. 607. The First NB. Charter #11716. PMG Very Fine 25. This is an incredible Florida rarity from well collected and under represented Palm Beach County. Just five notes are reported from this large size only bank. The First National Bank of Lake Worth was organized in April of 1920 and issued 1902 \$5 Plain Backs only to the tune of \$170,300. The bank went into receivership in April of 1927 with \$32,300 outstanding at close.

Dark inks and sharply printed design elements are featured on this example. The paper displays average circulation with good

body. Bold blue overprints are featured on the face and add to the overall appeal. The grading service mentions "Closed Pinholes" on the back of the holder. Certainly there are nary enough notes to meet collector demands for this one bank locale. This is an important opportunity for serious Florida collectors to secure a very rare charter. A Very Fine 20 example recently sold in a January 2022 auction for \$14,400, and we would expect this more attractive Very Fine 25 note to fetch a higher sum.

\$12,500-\$17,500

Scarce 1882 \$5 Live Oak Value Back

20585

Live Oak, Florida. \$5 1882 Value Back. Fr. 574. The First NB. Charter #6055. PMG Very Fine 20. Here is a really tough Northern Florida banknote. Live Oak had a single national bank that issued currency starting in 1901 and lasted through the national currency era. While the census does stand at fifteen large examples, it appears that at least seven of those fifteen are

held in one collection. It appears the last time a Value Back \$5 was offered publicly was in a 1989 public auction. Any Florida collectors looking to cross this elusive type and charter off their want list should jump at this opportunity. PMG comments "Rust, Internal Tear."

\$4,000-\$6,000

Rare Milton, FL \$5

20586

Milton, Florida. \$5 1902 Plain Back. Fr. 598. The First NB. Charter #7034. PMG Fine 12. The First National Bank of Milton was chartered in November of 1903. The bank issued just \$546,170 in National Currency before being liquidated in March of 1934. At the time of its closing just \$1,550 in large size notes remained outstanding from the bank. It is no wonder then that this Santa Rosa County issuer is as rare as it is with just five large size notes known along with only three small size notes. This is undoubtedly a Florida charter missing from many advanced state collections.

\$5,000-\$7,000

20587

Ocala, Florida. \$20 1902 Plain Back. Fr. 653. The Ocala NB. Charter #9926. PMG Extremely Fine 40 EPQ. A bright Extremely Fine \$20 Plain Back from the heart of Florida's horse country. Boldly printed, and original paper to boot.

\$1,500-\$2,500

20588

Orlando, Florida. \$10 1929 Ty. 1. Fr. 1801-1. First NB & TC. Charter #10069. PMG Very Fine 30. This type 1 \$10 is from the bank's third bank title. A total of three titles were used; all three have very few survivors. Offerings of small size notes are few and far between in Track and Price's auction census; a type 1 \$20 in VF 25 sold in a 2017 auction for a whopping \$5,045. Incredibly scarce, and the first example we have handled from the third bank title. PMG comments "Minor Stain."

\$2,000-\$3,000

20591

Saint Petersburg, Florida. \$20 1902 Date Back. Fr. 645. The Central NB. Charter #7796. PMG Very Fine 30. This elusive Florida national bears the second charter name for this Pinellas County issuing bank, and is one of just four reported in Track and Price's census for the title. The Central National Bank and Trust Company of St. Petersburg was organized in April of 1905 and issued \$1,175,550 before going into receivership in April of 1931.

\$4,000-\$6,000

20589

Panama City, Florida. \$10 1902 Plain Back. Fr. 629. The First NB. Charter #10346. PMG Very Fine 20. A scarce and highly desirable Bay county note. The First National Bank of Panama City was organized on February 26th, 1913 and issued \$1,456,420 before going into receivership on February 12th, 1931. \$12,550 was reported outstanding in large size at close. PMG comments "Minor Repairs."

\$1,250-\$1,750

20592

West Palm Beach, Florida. \$20 1929 Ty. 1. Fr. 1802-1. The West Palm Beach Atlantic NB. Charter #13300. PMG Very Fine 25. One of just five Type 1 \$20's available to collectors from this elusive Palm Beach issuing bank. We have yet to offer a note from this charter in our lengthy auction history, and are proud to offer our bidders a chance to take this treasure home. This note last traded hands publicly in a 2011 sale for \$4,312! The West Palm Beach Atlantic National Bank was chartered in March of 1929 (just seven months before Black Tuesday), and issued \$225,880 before the national currency era ended in 1935, with \$53,250 reported out.

\$3,000-\$5,000

20590

Pensacola, Florida. \$20 1882 Brown Back. Fr. 504. The American NB. Charter #5603. PMG Very Fine 25. Good appeal for the assigned grade is displayed on this \$20 Brown Back from this Panhandle bank. One of just 5 Brown Back \$20's known for this issuer according to Track and Price. The American National Bank of Pensacola was chartered on October 22nd, 1900 and lasted until the end of the National Banking era. The bank issued \$9,595,240 with \$34,170 in large size reported out at close.

\$2,000-\$3,000

20593

Winter Haven, Florida. \$5 1902 Plain Back. Fr. 608. The American NB. Charter #12100. PMG Very Fine 20. A mere 8 large size notes are reported to this second bank title for the charter, according to Track and Price. The American National Bank of Winter Haven was chartered in January of 1922, and was liquidated shortly after the Great Depression hit in November of 1929. In 1935, just \$2,255 in large was reported outstanding on the bank. PMG comments "Rust."

\$1,500-\$2,500

GEORGIA

Newly Discovered & Exceedingly Rare La Grange, GA \$5 Brown Back

20594

La Grange, Georgia. \$5 1882 Brown Back. Fr. 467. The First NB. Charter #3093. PCGS Banknote Choice Very Fine 35 Details. Minor Restorations. This note should turn quite a few heads when it crosses the auction block. Two national banks issued currency in La Grange: The La Grange NB (Charter 7762) which offers 26 large size notes to collectors, and the First National Bank (Charter 3093) with just two notes available to the collecting community. No auction results are listed in Track & Price for Charter 3093, nor are any notes listed in their census. The *National Bank Note Census* records a single note in their census, which is just 12 digits away from this serial number. No auction records are listed in the *National Bank Note Census* either, making this the first reported public offering of this Georgia charter.

The First National Bank of La Grange was chartered on December 20th, 1883 and issued \$5 Brown Backs only. Just 1,829 sheets were issued. The Bank would issue \$36,580 before being liquidated on December 1st, 1891. Just \$245 was reported outstanding in 1910. Given the number of notes issued, and the serial number towards the end of the reported number range, it can be assumed that this note was saved by a sentimental bank employee, most likely around the time of liquidation. The note is quite appealing; dark penned bank officers signatures remain fully legible whilst the paper is bright. The design on the reverse, where the series takes its name from, offers exceptional appeal of the brown ink. This note is sure to be hotly contested by National collectors, and we would not be surprised if our high estimate is met or exceeded to take this piece home. PCGS Banknote comments "Minor Restorations."

One of just eight examples known for this popular denomination from this Kane County issuing bank. This example features a low two digit serial number of "66". Three of the four margins offer plentiful paper, while the top margin has an uneven cut. The all important back design is stunning. The brown ink is lovely, and showcases lovely lathe work. At left is the seal of Illinois, while the U.S. bald eagle is at right. PMG comments "Restoration."

\$3,000-\$5,000

20596

Edwardsville, Illinois. \$20 1882 Date Back. Fr. 552. The First NB. Charter #5062. PMG Choice Extremely Fine 45. The First National Bank of Edwardsville was chartered in 1897 with an authorized capital of \$50,000 (later raised to \$100,000). The founding cashier was Edward Keshner, and the first president was Edward Schlafly. The bank was liquidated on July 11, 1917, on expiration of its 20-year charter on February 17 of that year. This was quite unusual, as the economy was strong, and most federally-chartered banks sought to have their charters extended. It went private, so to speak, and was succeeded by the state-chartered Bank of Edwardsville, Illinois.

\$1,000-\$1,500

20598

Lincoln, Illinois. \$1 Original. Fr. 382a. The First NB. Charter #2126. PMG Choice Uncirculated 63 EPQ. Red serial number with charter number. The First National Bank of Lincoln was chartered in August 1873 and issued \$878,800 in National Currency before liquidating in 1923. The presently offered example displays bright, original paper, dark red overprints along with a bold design.

The bank changed titles to the American National Bank, and issued currency through 1935, with \$4,650 in large size reported out at close. The PMG comments "Pinholes."

Elko, Nevada. \$20 1902 Plain Back. Fr. 650. The First NB. Charter #7743. PCGS Currency Fine 15. An often elusive large size note from this Elko County issuer. Large size notes from Nevada always draw a crowd, and this note is sure to attract more than a few bids. One of just five Plain Back \$20's reported to the bank.

\$3,000-\$5,000

20611

Winnemucca, Nevada. \$5 1902 Plain Back. Fr. 600. The First NB. Charter #3575. PMG Very Good 10. Large-size notes on Nevada are always challenging to come by and their appearance at auction always draws a crowd. The First National Bank of Winnemucca was a much longer lasting institution than most Nevada banks and was the site of a famous robbery in 1900 where Butch Cassidy and the Sundance Kid stole roughly \$33,000. PMG comments "Tear."

\$1,500-\$2,500

NEW HAMPSHIRE

20612

Plymouth, New Hampshire. \$10 1902 Plain Back. Fr. 634. The Pemigewasset NB. Charter #2587. PMG Choice About Uncirculated 58. A striking note from the popular New Hampshire town of Plymouth in Grafton County. This well cared for note shows the initial appeal of an Uncirculated piece with bright paper surfaces. It is nicely centered and displays strong banking signatures. The tribal bank name references a major New Hampshire river with headwaters in Franconia Notch State Park. The river flows through the scenic White Mountains and ultimately it merges with the Winnepesaukee River. These two water bodies combine to become the Merrimack River which runs through southern New Hampshire and finally terminates in the Atlantic between Newburyport and Salisbury in Massachusetts.

The organizers of the Pemigewasset National Bank held their first formal meeting and prepared articles of association on October 8, 1881. There had been no bank in town for well over 30 years, and the new institution was fresh, in essence starting at the ground floor. The bank set up offices in the Pemigewasset House, the premier hotel of the town and district — a convenient location contiguous to the Boston & Maine Railroad passenger station, easily accessible to townspeople as well as to travelers. This was the only National Bank along the rail line north of Laconia and south of Littleton. By November 11, \$39,000 of the \$75,000 in capital stock had been paid in. The first day of authorized banking was on November 16, 1881. The bank was yet another New Hampshire success story and issued notes through the 1930s.

The only Third Charter example we have sold was on the consecutive sheet to this one. It graded PMG Choice Very Fine 35 and brought \$576 in 2018. That same note had first sold for over \$1,000 back in 2002. A real treasure for the serious New Hampshire collector.

\$1,000-\$1,500

NEW JERSEY

20613

Carlstadt, New Jersey. \$20 1882 Value Back. Fr. 581. The Carlstadt NB. Charter #5416. PMG Choice Fine 15. Out of ten large size notes reported to this Bergen County issuing bank, this is the sole Value Back \$20 known to collectors according to Track and Price. Large size auction records are almost non-existent for the entire 1882 series, with none reported in T&P, while NBN Census lists an 1882 BB \$20 being sold in a 1987 auction. New Jersey collectors will finally have a chance to acquire an elusive type & charter tonight. PMG comments "Pinhole(s)."

\$1,000-\$1,500

20614

Carlstadt, New Jersey. \$10 1882 Value Back. Fr. 577. The Carlstadt NB. Charter #5416. PMG Very Fine 30. An elusive bank title and series to acquire for New Jersey collectors. \$1,000-\$1,500

20615

Carlstadt, New Jersey. \$10 1882 Value Back. Fr. 577. The Carlstadt NB. Charter #5416. PMG Extremely Fine 40. This note would pair quite nicely with the \$20 Value Back we are offering from the same bank. This note is not reported in T&P's or NBN's census, so any New Jersey collector looking to fill gaps in their collections should jump on this chance. PMG comments "Pinholes."

\$1,250-\$1,750

20618

Hackensack, New Jersey. \$10 1882 Date Back. Fr. 545. The Hackensack NB. Charter #5921. PCGS Banknote Choice Fine 15. The other reported example has yet to make an auction appearance, according to Track and Price.

\$1,000-\$1,500

20616

20619

Hackensack, New Jersey. \$5 1902. Fr. 607. The Hackensack NB. Charter #5921. PMG Choice Uncirculated 63. According to Track and Price along with National Bank Note Census, this is the first time a note from the 1902 Series from this issuer has been offered publicly. Just 9 notes are reported to exist in T&P's census, with this being the sole note from the Plain Back series listed. This Choice Uncirculated example boasts bright paper and dark stamped signatures.

\$1,000-\$1,500

20617

Frenchtown, New Jersey. \$10 1882 Brown Back. Fr. 481. The Union NB. Charter #1459. PCGS Currency Extremely Fine 45 PPQ. A gorgeous \$10 Brown Back from this Hunterdon County bank. \$2,000-\$3,000

20620

Hackensack, New Jersey. \$5 1902 Plain Back. Fr. 598. The Peoples NB. Charter #7799. PMG Extremely Fine 40. National Bank Note Census lists this note as having last trading hands publicly in a 1982 auction, with no other notes trading hands since then according to Track and Price and NBN Census. Just six notes are listed in T&P's census, and New Jersey collectors frothing at the mouth to acquire this charter can now finally cross this elusive note off their want list.

\$1,500-\$2,500

20621

Hamburg, New Jersey. \$10 1929. Fr. 1801-1. The Hardyston NB. Charter #8227. PCGS Banknote Choice Fine 15. A difficult to locate Sussex County issuer, and the first note we can recall handling from the bank in recent memory. Just one example is recorded as having been sold at public auction, and that was in 2017 according to Track & Price. Just six small size are reportedly known from the bank, all of which have been tightly held onto.

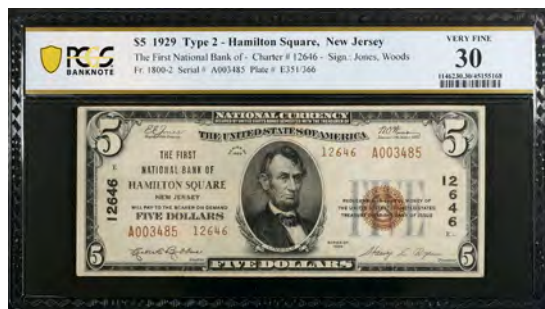

\$2,000-\$3,000

20624

High Bridge, New Jersey. \$5 1882 Date Back. Fr. 537. The First NB. Charter #5333. PCGS Banknote Very Fine 25. The last time an 1882 Date Back \$5 from this bank traded hands publicly was in a 1994 auction. Two DB Five's are recorded in Track and Price's census, with this note being the third to come forth from the bank. Surely missing from even the most advanced New Jersey National collections.

\$1,000-\$1,500

20622

Hamilton Square, New Jersey. \$5 1929 Ty. 2. Fr. 1800-2. The First NB. Charter #12646. PCGS Banknote Very Fine 30. A mere eight small size notes are recorded in Track and Price's census for this Mercer County issuer.

A mere four large size notes are recorded for this Warren County issuing bank, with the last example having sold in a 2007 auction, according to Track and Price. 20627

Jamesburg, New Jersey. \$10 1882 Brown Back. Fr. 479. The First NB. Charter #288. PCGS Banknote Very Fine 25. We have not offered this charter to our bidders since our Stacks Philadelphia 2010 sale, with a Brown Back having not been auctioned publicly since that same year according to Track & Price. The First NB of Jamesburg was the only note-issuing National Bank in Jamesburg, and it operated from 1864 through the end of National Bank note era. Just under \$760,000 in notes were circulated and for that time span the number is somewhat small. Today, just 14 notes are known on the title, counting both large and small-size formats. Just two Brown Back \$10's are recorded in Track and Price's census.

\$2,000-\$3,000

NEW YORK

20629

Brockport, New York. 1882 Brown Back \$20 Fr. 493. The First NB. Charter #382. PMG About Uncirculated 50. This is the fourth \$20 Brown Back to come forth from this Monroe County Bank. Sure to attract attention from New York collectors looking to fill a gap in their collection.

\$2,000-\$3,000

20630

Buffalo, New York. Original \$1 Fr. 380b. The Farmers & Mechanics NB. Charter #453. PMG About Uncirculated 55. Although 21 notes are reported to exist from the charter, auction appearances are sparse. This example is one of the finest we can recall handling in recent memory from this Erie County issuer, and Original series notes are always scooped up when offered in this grade level.

\$3,000-\$5,000

20628

Argyle, New York. 1902 Plain Back \$10 Fr. 626. The First NB. Charter #8343. PMG Very Fine 30. The First National Bank of Argyle was organized in July of 1906 and issued \$138,220 worth of National Currency into circulation before going into receivership in August of 1930. At close just \$720 worth of large notes were outstanding on the bank. Today only this note and a single \$10 Red Seal are known on the bank. Small size Type-1 \$10s were also issued but none are known. This example comes boldly printed with well penned bank officers' signatures. PMG comments "Pinholes" on the back of the holder.

\$6,000-\$8,000

20631

Champlain, New York. 1929 Ty. 1 \$10 Fr. 1801-1. The First NB. Charter #316. PCGS Banknote Choice Uncirculated 64. Serial Number 1. A scarce upstate New York town with this being the only bank to issue during the National Banking Era. The #1 notes on this bank were cut up roughly three decades ago and they are still as desirable today as ever.

\$1,500-\$2,000

20632

Dunkirk, New York. 1902 Plain Back \$10 Fr. 634. The Merchants NB. Charter #2619. PCGS Banknote Gem Uncirculated 66 PPQ. 20636

New York, New York. 1882 Date Back \$100 Fr. 569. The Chase NB of the City of New York. Charter #2370. PMG Very Fine 25. The Chase NB was chartered on September 14, 1877 and issued a whopping \$134,717,450 during its lifetime. The bank lasted until the end of the National Currency era, with \$471,895 large outstanding in 1935 (this number has been combined with Charter 2598). A dozen Date Back \$100's are known today from this bank according to Track and Price. The design details remain dark and the paper bright for the assigned grade. The vignette at left is of Commodore Oliver H. Perry rowing from the stricken USS Lawrence to the USS Niagara during the Battle of Lake Erie, which took place on September 10th, 1813. The Battle of Lake Erie would be one of the largest naval engagements of the War of 1812, and was an American victory which later allowed the Americans to re-take Detroit and later win the Battle of Thames. Interestingly, the USS Niagara (which was also sister ship to the Lawrence) is still afloat today, and serves as a museum/training ship in Pennsylvania, and historically still sails Lake Erie.

\$5,000-\$7,000

20634

New York, New York. 1882 Brown Back \$5 Fr. 467. The NB of Commerce in New York. Charter #733. PMG About Uncirculated 55 EPQ. A beautiful example of this New York Brown Back. Bright paper and attractive margins are readily noticed. The design details stand out in jet black ink, while the serial numbers pop in a dark federal blue color.

\$1,000-\$1,500

20637

New York, New York. 1929 Ty. 2 \$5 Fr. 1800-2. The Ozone Park NB. Charter #12280. PMG Gem Uncirculated 65 EPQ. An exceptional Series 1929 example on this scarcer Queens bank. It opened in 1922 but only lasted for a dozen years before the receiver paid an unkind visit in 1934. Benjamin W. Hitchcock and Charles C. Denton created Ozone Park from Queens farmland in 1882. First, the railroad, then the Fulton Street El, brought many people to settle in Ozone Park. This is one of the couple nicest examples we have ever encountered and it's a real beauty.

20640

Rondout, New York. 1875 \$10 Fr. 419. The First NB. Charter #2493. PMG Very Fine 30. Dark penned signatures pop on this 1875 \$10. This example is one of just four examples listed in Track and Price's census for the type. PMG comments "Minor Repairs."

20642

Elizabeth City, North Carolina. \$20 1902 Plain Back. Fr. 658. The First NB. Charter #4628. PMG Choice Uncirculated 63 EPQ. A group of these walked into an Atlanta coin shop back in the 1970's, virtually all Uncirculated Plain Back \$20s from the First & Citizens National Bank of Elizabeth City, NC. Seen with the bank's second title. One of the nicest you will find. A few months ago, we sold a PMG Gem Unc 65 EPQ, two serial numbers away, for \$3,360. Tonight's offering is easily a solid four-figure item.

\$1,500-\$2,000

A new addition to the current census of three large size notes known to this second bank title for the charter. It has been a little over a decade since a large size note was offered from this bank publicly, so expect a hard fought battle to take this piece home. PMG comments "Minor Rust."

\$1,500-\$2,500

20647
Kaw City, Oklahoma. \$10 1929 Ty. 1. Fr. 1801-1. The Farmers NB. Charter #10075. PMG Very Fine 25. A really challenging example from this Kay County town that has hardly more than a dozen pieces listed in the census. Two of the three banks in town actually survived to issue Series 1929 notes. One of the prettiest we have seen and the first we have offered.

\$1,000-\$1,500

PENNSYLVANIA

20648

TEXAS

Texas National Back Proof Sheet

20651

Uncut Sheet of (4). Texas. \$10-\$20 Original-1875. PMG Choice Extremely Fine 45. Back Design Proof. An exciting offering for National collectors of Lone Star currency. This sheet of four notes displays the back proof designs for \$10's and \$20's from the Original & 1875 series. The \$10's depict a central vignette of DeSoto Discovering the Mississippi in 1541, which was painted by W.H. Powell and engraved by Frederick Girsch. The \$20s depict the Baptism of Pocahontas, which was painted by John G. Chapman. The Texas seal is at left and eagle perched, right. Obligation top, above vignette and counterfeit clause below. A classic series of federal currency with some of the most detailed vignettes.

Included with this proof is a letter from American Bank Note Company. The letter is dated December 20th, 186_(9?) and is addressed to Hiland R. Hulburd, Comptroller of the Currency Washington D.C. (Hulburd served as comptroller from 1867-1872). As best as we can decipher, the letter reads:

"Sir,

Enclosed please find 4 hole cancelled, 10 10 10 10 Backs only, Texas, ___ and forwarded as specimens of ___ in accordance with the request made to our Mr. ___, when in Washington lately.

Very Respectfully,

___"

This is the first time we can recall handling a back proof sheet from the National Currency era, and this type is surely missing from the most advanced collections of United States paper money. PMG has mislabeled this as a remainder uncut sheet. Hole punch cancelled. PMG comments "Corner Missing, Annotation."

\$15,000-\$30,000

20652

Mexia, Texas. \$5 1882 Brown Back. Fr. 467. The First NB. Charter #3014. PMG About Uncirculated 50. At the time of cataloging, just three notes have surfaced to collectors from this Limestone County issuing bank, according to Track and Price's census. The First National Bank of Mexia was chartered in 1883, and it was liquidated shortly after the end of the First World War on March 22nd, 1919. The bank issued just \$180,790 in currency, with \$11,900 reported out at close. This Brown Back Five displays a blue penned signature of the cashier, and a brown inked signature of the President, both of which remain fully legible & appealing. The design details remain bold, offering lovely appeal of this About Uncirculated \$5. The all-important back design pops through the third party holder with art-like appeal, with the Texas Lone Star vignette at left & the bald eagle vignette at right standing out in remarkable detail for the condition. Any serious Texas collector will vie to add this elusive note to their collection.

\$6,000-\$8,000

This note is the only \$10 Date Back to come forth from the bank. The First National Bank of Whitney was chartered in August of 1905, and was liquidated on January 10th, 1933 during the Great Depression. \$430,860 was issued during operation, with just \$1,960 in large size reported outstanding in 1935.

\$800-\$1,200

WASHINGTON

20655

Centralia, Washington. \$20 1929. Fr. 1802-1. First NB. Charter #13099. PCGS Banknote Very Fine 20. The First National Bank in Centralia was a short lived bank that only operated from July of 1927 to December of 1931 when it was liquidated. Just eleven small size examples are known from this Lewis County bank, with the last small size note being offered in a 2018 public auction. Auction appearances from this bank are quite scarce, so prepare for a hard fought battle to take this piece home. PCGS Banknote comments "Small Paper Pulls."

\$3,000-\$5,000

WEST VIRGINIA

20656

Sistersville, West Virginia. \$10 1902 Plain Back. Fr. 632. The Farmers & Producers NB. Charter #5028. PCGS Banknote Gem Uncirculated 65 PPQ. The second title for this Tyler County issuing bank, and a wonderful Gem example of this Plain Back Ten to boot. The paper is exceptionally bright and the paper crisp, with vivid design details

found. The signatures are faded and are just barely legible under close scrutiny. This example comes from a run of high grade notes, which were thankfully spared circulation and today now satisfy high grade National collectors desires.

\$1,250-\$1,750

\$3,000-\$5,000

WYOMING

Beautiful 1875 Cheyenne \$5

20659

Cheyenne, Wyoming. \$5 1875. Fr. 407. The Stock Growers NB. Charter #2652. PMG Very Fine 30. An elusive charter to acquire from Wyoming's capital. The Stock Growers NB of Cheyenne was chartered in 1882 and issued \$1,103,140 during its operating tenure, and survived the Panic of 1893 along with the Great Depression. Reported outstanding in 1935 was a mere \$4,420. 1875 Series notes are quite scarce for the state, and this example is sure to draw attention from Wyoming collectors. The designs are dark offering good appeal for the assigned grade. The oversized signatures are fully legible in a dark brown ink. This will be the first time that we have offered a note from this charter in the past decade. PMG comments "Pinholes."

Cheyenne is probably best known today for its rodeos. The Cheyenne Frontier Days has been held annually since 1897, and is touted as the largest outdoor rodeo and western celebration in the United States (something your cataloger highly recommends attending at least once in your life). Historically, the city is a railroad town. The tracks of the Union Pacific reached Cheyenne on November 13, 1867 and the city rapidly expanded after that, earning the nickname "Magic City of the Plains". Today, the Union Pacific and BNSF railroads intersect in Cheyenne.

Terms & Conditions – Showcase and Collectors Choice Auctions

1. Auction Basics. This is a public auction sale (“Auction Sale”) conducted by bonded auctioneers, Stack’s Bowers Galleries or Stack’s Bowers and Ponterio (hereinafter referred to as “Auctioneer” and at times as “Stack’s Bowers”). Bidding in this Auction Sale constitutes acceptance by you (“Bidder”) of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack’s Bowers (“Consignor” or “Consignors”). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer’s Premium charged to all other Buyers. Stack’s Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack’s Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor’s direction, or pursuant to contractual agreement, Stack’s Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack’s Bowers and its affiliates may bid for their own account at any auction. Stack’s Bowers and its affiliates may have information about any lot that is not known publicly, and Stack’s Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack’s Bowers and its affiliates are not required to pay a Buyer’s Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve (“Reserve”). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack’s Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins, currency and cryptocurrency tokens in this Auction has been determined by independent grading services, and those that are not may be graded by Stack’s Bowers. Grading of rare coins, currency and crypto tokens is subjective and, even though grading has a material effect on the value of the coins, currency and cryptocurrency tokens, grading may differ among independent grading services and among numismatists. Stack’s Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack’s Bowers and lot descriptions are based solely upon an examination of the coins, currency and cryptocurrency tokens and are intended to identify coins, currency and cryptocurrency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack’s Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest half or full increment and this rounded bid will be the bidder’s high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer’s decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder’s protection, no “unlimited” or “buy” bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without

a parent’s written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent (“Floor Bidders”) should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale (“Telephone Bidders” and “Live Internet Bidders”). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack’s Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK’S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack’s Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer’s Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of \$20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the “Buyer’s Premium”). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer’s Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer’s hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the “Default Date”), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars or Hong Kong Dollars. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars, Buyer’s invoices will be credited with the amount of U.S. Dollars at the rate established by the Auctioneer at the time of the Auction Sale. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier’s check. Cash transactions will be accepted in the sole discretion of Stack’s Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack’s Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. We accept payment by Visa, Mastercard, American Express, Discover or Paypal for invoices up to \$2,500, with a maximum of \$10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Stack’s Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack’s Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney’s fees and cost incurred to collect past due accounts. Any invoice not paid by the Default Date will bear a five percent (5%) late fee on the invoice amount. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack’s Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance

of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. Lots from different Auctions may not be aggregated for sales tax purposes.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have

all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Stack's Bowers, in its sole discretion, may not ship to select countries. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the country where the auction is hosted, the declaration value shall be the item(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the country where the auction is hosted. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AND PROVENANCE OF A LOT.

a. COINS, CURRENCY AND CRYPTOCURRENCY TOKENS LISTED IN THIS CATALOG AS GRADED AND ENCAPSULATED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE ARE SOLD "AS-IS" EXCEPT AS EXPRESSLY SET FORTH HEREIN AND MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER. ALL THIRD PARTY GRADING SERVICE GUARANTEES, INCLUDING AUTHENTICITY, ARE THE SOLE RESPONSIBILITY OF THE THIRD PARTY GRADING SERVICE AND NOT WARRANTIES OR GUARANTEES OF THE AUCTIONEER. BUYERS SHOULD CONTACT THESE THIRD PARTY GRADING SERVICES DIRECTLY WITH RESPECT TO ANY CLAIMS OR QUESTIONS THEY MAY HAVE CONCERNING THEIR GUARANTEES AND WARRANTIES. BUYERS ACKNOWLEDGE AND AGREE THAT AUCTIONEER IS NOT BOUND BY OR LIABLE FOR ANY OPINION OR CERTIFICATION BY ANY THIRD PARTY GRADING SERVICE.

b. In the case of non-certified coins, currency and cryptocurrency tokens that have neither been examined by the Buyer prior to the Auction Sale, nor purchased by the Buyer or Buyer's agent at the Auction Sale, if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin, currency, or cryptocurrency token such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence. Non-certified coins, currency and cryptocurrency tokens that have been either examined by the Buyer prior to the Auction Sale or purchased by the Buyer or Buyer's agent at the Auction Sale, will not be granted return privileges, except for authenticity.

Terms & Conditions – Showcase and Collectors Choice Auctions (cont.)

- c. All non-certified coins and currency are guaranteed to be genuine.
- d. All certified and non-certified cryptocurrency tokens are guaranteed to be genuine only. Auctioneer disclaims any guaranty of any kind with respect to cryptocurrency tokens, including, but not limited to: face value, the contents or existence of any accounts, wallets, or other physical, digital or other receptacles of value, the existence of a cryptographic private key, or the ability to fund any cryptocurrency. Actual cryptocurrency value is neither confirmed nor guaranteed by Auctioneer.

If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

- e. Late remittance or removal of any item from its original container or third party graded holder, or altering a coin constitutes just cause for revocation of all return privileges.
- f. Grading or condition of rare coins, currency and cryptocurrency tokens may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

g. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

h. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

i. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

j. Bidders shall have no recourse against the Consignor for any reason whatsoever.

k. Bidder acknowledges that the numismatic and cryptocurrency token market is speculative, unregulated and volatile, and that prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

l. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity

of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each

party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing Terms of Sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
